1. BACKGROUND: The Department of Public Utilities, Division of Sewerage and Drainage, Stormwater Section entered into a professional engineering agreement with Korda/Nemeth Engineering, Inc. for the Marion Road Area Neighborhood Project No. 2, in accordance with Ordinance No. 1138-2012, passed June 25, 2012.

A modification to this agreement was prepared by the Division of Water in order to include design of a water line replacement on Smith Road between Lockbourne Road and Fairwood Avenue, Ordinance No. 0295-2013, passed March 4, 2013.

The Department of Public Service is requesting to modify this contract to include design of sidewalks and resurfacing on Smith Road between Fairwood Avenue and Lockbourne Road. The funding for this portion of the work will be funded with UIRF monies. The UIRF Project was approved by City Council on March 18, 2013.

The work proposed by this contract modification overlaps with the stormwater and water improvements. By combining the work into one project, the professional design services are more economical, and the disruption to the community will be minimized by having all work done under one construction contract.

2. ORIGINAL ENGINEERING CONTRACT AWARD: Korda/Nemeth Engineering, Inc. was selected in accordance with the procedures set forth in Columbus City Code, Section 329.14, "Awarding professional service contracts through Requests for Proposals". Three Requests for Proposals (RFP's) were received and opened on February 24, 2012 from firms having the experience necessary to complete the project: Korda/Nemeth Engineering, Inc., MS Consultants, Inc., and Hockaden & Associates.

Upon review of the technical proposals, the bidders were ranked using criteria specified in City Code, and more

specifically: proposal quality, competence to perform required work, project schedule, and local workforce. Based upon these criteria, Korda/Nemeth Engineering, Inc. was selected as the highest-ranked bidder and chosen for this project.

The Contract Compliance Number for Korda/Nemeth Engineering, Inc. is 31-0922991 (expires 7/6/13 MAJ). Additional information regarding each bidder, description of work, contract time frame and detailed amounts can be found on the attached Information form.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against Korda/Nemeth Engineering, Inc.

2.1 Amount of additional funds to be expended: \$54,264.00

Original Contract Amount:	\$105,695.00 (EL013486)
Modification #1:	\$ 29,304.00 (EL014206)
<u>Modification #2 (current):</u>	<u>\$ 54,264.00</u>
Amount of original contract and Mod #1:	\$189,263.00

2.2 Reasons additional goods/services could not be foreseen:

Contract modifications were not anticipated in the original contract. The Department of Public Service requested participation in the Division of Sewerage and Drainage's project when planning coordination revealed that both departments need to construct improvements on Smith Road.

2.3 Reason other procurement processes are not used:

The work proposed by this contract modification overlaps with the previously legislated stormwater and water improvements. By combining the work into one project, the professional design services are more economical. The disruption to the community will be minimized by having all work done under one construction contract.

2.4 How cost of modification was determined:

A cost proposal was provided by Korda/Nemeth Engineering, Inc., reviewed by the Department of Public Service, and was deemed acceptable.

3. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT: This project will reduce cost by reducing system leakage. The Neighborhood Liaison(s) will be contacted and informed of this project during the construction phase. Further community outreach may result through the Neighborhood Liaison Program.

4. FISCAL IMPACT: A transfer of funds within the Streets & Highway G.O. Bonds Fund will be necessary as well as an amendment to the 2013 Capital Improvements Budget.
