### 1. BACKGROUND

This legislation authorizes the Director of Public Service to enter into contract with CHA Consulting, Inc., in the amount of up to \$250,000.00 for the Arterial Street Rehabilitation - Polaris Parkway contract.

This project, also known as DEL-CR615-0.000 (PID Number 95549), includes preliminary and final engineering for improvements to Polaris Parkway (CR615) from I-71 to Old Worthington Road and to Orion Place from County Line Road to Gemini Place. The primary purpose of the project is to improve capacity and safety of the roadways and intersections within the corridor. Design will proceed in two parts. The Part 1 contract will consist of a traffic study to determine the improvements to the intersections of Polaris Parkway with Orion Place, Olde Worthington Road, and the signalized intersection between Orion Place and Olde Worthington Road. The specific scope of work for Part 2 will be developed upon completion of Part 1. The project will receive construction funding from MORPC for SFY2017 Construction.

The Department of Public Service, Office of Support Services, solicited Requests for Proposals for the Arterial Street Rehabilitation - Polaris Parkway contract. The project was formally advertised on the Vendor Services web site from July 25, 2013, to August 15, 2013. The city received three (3) responses. All proposals were deemed responsive and were fully evaluated when the Evaluation Committee met on August 21, 2013.
