1. BACKGROUND

This legislation authorizes the Director of Public Service to pay utility relocation work by Columbia Gas, American Electric Power, and other utilities up to the amount of \$350,000 for the Hard Road Phase A project.

The Public Service Department, Design and Construction Division, is engaged in the Arterial Street Rehabilitation - Hard Road Phase A project. This project involves widening Hard Road from Sawmill Road to Smoky Row Road. Project improvements include pavement, sidewalks, bike lanes, street lighting, construction and replacement of traffic signals, and utility relocations. This project complies with the recommendation of the Pedestrian Thoroughfare Plan as it encourages pedestrian and bicycle travel with the installation of the sidewalks, curb ramps and bike lanes.

In the course of effecting roadway improvements it is sometimes necessary to force the relocation of utilities from privately held easements. These relocations are in areas where the City has previously allowed utilities, but due to this project there is a need to relocate them at the City's expense. This ordinance authorizes payment for utility relocation work by Columbia Gas, American Electric Power, and other utilities up to the amount of \$350,000.00.

Funding for this project will be provided by a grant awarded by the Mid-Ohio Regional Planning Commission (80%) and by the City (20%). The City's share of the utility relocation expense is \$70,000.00 (\$350,000.00 x .20). Ultimately, the Ohio Department of Transportation will reimburse the difference (\$280,000.00) to the City.

Searches in the System for Award Management (Federal) and the Findings for Recovery list (State) produced no findings against Columbia Gas or American Electric Power.

2. CONTRACT COMPLIANCE

The contract compliance number for Columbia Gas is 310673990 and expires 03/31/15. The contract compliance number

for American Electric Power is 134922641 and expires 03/01/2014.

3. FISCAL IMPACT

The City has been awarded a grant by the Mid-Ohio Regional Planning Commission for this project. The City will provide the local match for this expense in the amount of \$70,000.00. This funding is budgeted and available within the Streets and Highways Bond Fund, Number 704. These funds will be transferred to the Hard Road Phase A grant in the Fed-State Highway Engineering Fund, Number 765. The entire expense of \$350,000.00 will then be appropriated and expended within the Fed-State Highway Engineering Fund for the purpose of funding these utility relocation expenses.

4. EMERGENCY DESIGNATION

The roadway improvements contemplated by this project are essential to the safety of those individuals living and traveling within this area. Emergency action is requested in that it is necessary to relocate utilities as quickly possible so that construction can begin on schedule.

..Title

To authorize and direct the City Auditor to transfer funds and appropriation within the Streets and Highways Bond Fund; to authorize and direct the City Auditor to transfer funds between the Streets and Highways Bond Fund and the Fed-State Highway Engineering Fund; to appropriate and authorize the expenditure of \$350,000.00 or so much thereof as may be necessary for utility relocations for the Arterial Street Rehabilitation - Hard Road Phase A project from the Fed-State Highway Engineering Fund; and to declare an emergency. (\$350,000.00)

WHEREAS, the Department of Public Service, Design and Construction Division, is engaged in the Arterial Street Rehabilitation - Hard Road Phase A project; and

WHEREAS, this project will be administered by the City of Columbus with eighty percent (80%) of the total right-of-way costs being paid with a Mid-Ohio Regional Planning Commission grant and twenty percent (20%) being paid by the City; and

WHEREAS, this external funding is received on a reimbursement basis; and

WHEREAS, it is necessary to relocate utilities as part of this project; and

WHEREAS, it is necessary to authorize the transfer and appropriation of funds to pay for these acquisition-related expenses; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service, Division of Design and Construction, in that it is necessary to relocate utilities as quickly possible so that construction can begin on schedule, thereby preserving the public health, peace, property, safety and welfare; now, therefore:
