Council Variance Application: CV13-031

APPLICANT: Roof to Road LLC; c/o Donald Plank, Atty.; 145 East Rich Street, Floor 3; Columbus, OH 43215.

PROPOSED USE: Salvage/recycling operation.

SOUTHWEST AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant requests a Council variance to allow a salvage/recycling operation in an M-1, Manufacturing District. The site is located within the planning area of the *Southwest Area Plan* (2009), which recommends lower intensity light industrial uses for this location. At present, salvage yards are permitted only in the M, Manufacturing District with a Special Permit from the Columbus Board of Zoning Adjustment; however, a proposed code change is pending allowing this use to also be located in the M-1, Manufacturing District with a Special Permit (Ord. No. 0698-2012). Staff does not object to the proposed salvage/recycling operation as a secondary use in the M-1 District, which allows for the most intense manufacturing uses, particularly given the restricted nature of the request in terms of space and location on the subject site. Approval of this request will not introduce a new or incompatible use to the area. The applicant will also be required to obtain a Special Permit from the Columbus Board of Zoning Adjustment (BZA) where additional conditions and limitations can be imposed.

To grant a Variance from the provisions of Sections 3365.01, M-1, Manufacturing district; and 3389.07, Impound lot,

junk yard or salvage yard, of the Columbus City Codes, for the property located at **894 FRANK ROAD (43223)**, to permit a salvage/recycling operation in the M-1, Manufacturing District in accordance with a Special Permit from the Columbus Board of Zoning Adjustment (Council Variance CV13-031).

WHEREAS, by application No. CV13-031, the owner of the property at **894 FRANK ROAD (43223)**, is requesting a Council Variance to permit a salvage/recycling operation in the M-1, Manufacturing District; and

WHEREAS, Section 3365.01, M-1 Manufacturing district, prohibits salvage yards, while the applicant proposes a salvage/recycling operation; and

WHEREAS, Section 3389.07, Impound lot, junk yard or salvage yard, requires a Special Permit and only allows salvage yards in an M, Manufacturing District, while the applicant proposes a salvage/recycling operation in an M-1, Manufacturing District, which will still be required to receive a Special Permit from the Columbus Board of Zoning Adjustment; and

WHEREAS, the Southwest Area Commission recommends approval; and

WHEREAS, City Departments recommend approval because this request will not introduce an incompatible use to the area. Staff does not object to the proposed salvage/recycling operation as a secondary use in the M-1 District, particularly given the restricted nature of the request in terms of space and location on the subject site. The applicant will also be required to obtain a Special Permit from the Columbus Board of Zoning Adjustment where additional conditions and limitations can be imposed; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Zoning Clearance for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **894 FRANK ROAD (43223)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
