Council Variance Application: CV14-020

APPLICANT: Royal Tallow Holdings, LTD; c/o Donald Plank, Atty.; Plank Law Firm; 145 East Rich Street, 3rd Floor; Columbus, OH 43215.

PROPOSED USE: Multi-unit or attached single-unit residential development.

CITY DEPARTMENTS' RECOMMENDATION: Approval. Part of the undeveloped site was platted (Harrison Park, Plat Book 106, Page 56) and was rezoned to the AR-2, Apartment Residential District (Z04-026), and is subject to companion Council Variance Ordinance No. 2760-2012 (CV04-009). Approximately 0.137± acres of the site is zoned M, Manufacturing District, and due to a proposed land swap with the City of Columbus Recreation and Parks Department to enable reorganization of Harrison Park facilities, the development site will have a different boundary than anticipated with the subdivision plat, the AR-2 District and the companion Council Variance. The proposed development will consist of eight (8) three-unit dwellings, which may be subdivided into attached dwellings, which is less than the thirty-six units permitted on the 0.751± acre AR-2 area described in Z04-026/CV04-009. The request includes variances for vision clearance, area requirements, lot coverage, fronting, setbacks, and yard standards which are supported because they are

consistent with the development standards approved with CV04-009. The site falls within the boundaries of the *Harrison West Plan* (2005), which calls for mixed density residential development on the site.

To grant a Variance from the provisions of Sections 3333.025, AR-2, apartment residential district use; 3363.01, M-manufacturing districts; 3321.05(A), Vision clearance; Section 3333.09, Area requirements; 3333.15, Basis of computing area; 3333.16, Fronting on a public street; 3333.18, Building lines; 3333.22, Maximum side yard required; 3333.23(a), Minimum side yard permitted; 3333.24, Rear yard; 3333.255, Perimeter yard; and 3363.27(b)(1)(2), Height and area regulations, of the Columbus City Codes; for the property located at **575 WEST SECOND AVENUE (43201)**, to permit a twenty-four unit residential development comprised of eight (8) three-unit dwellings or attached single-unit dwellings with reduced development standards in the AR-2, Apartment Residential and M, Manufacturing Districts **and to declare an emergency** (Council Variance # CV14-020).

WHEREAS, by application No. CV14-020, the owner of property at **575 WEST SECOND AVENUE (43201)**, is requesting a Council Variance to permit a twenty-four unit residential development comprised of eight (8) three-unit dwellings with reduced development standards in the AR-2, Apartment Residential and M, Manufacturing Districts; and

WHEREAS, Section 3333.025, AR-2, apartment residential district use, permits the proposed development as a multiple dwelling development (eight (8) three-unit dwellings), but doesn't permit attached single-unit dwellings if the site is platted to establish lots for the sale of individual dwelling units and the applicant may plat the dwelling units for individual sale; and

WHEREAS, Section 3363.01, M-manufacturing districts, prohibits multi-unit residential development, while 0.137± acre of the site is zoned M, Manufacturing District due to a land swap with Recreation and Parks Department, and portions of certain dwelling units will be located in the area zoned M; and

WHEREAS, Section 3321.05(A), Vision clearance, requires a ten (10) foot clear vision triangle at the intersection of a driveway and the right-of-way, while applicant proposes a seven (7) foot clear vision triangle along West Second Avenue, as shown on the site plan; and

WHEREAS, Section 3333.09, Area requirements, requires a minimum lot width of fifty (50) feet in the AR-2, Apartment Residential District, while the parcel complies with the 50 foot minimum lot width if developed as a multiple dwelling development, but if platted as attached dwelling units, the individual unit lot width may be reduced to a minimum width of eighteen (18) feet; and

WHEREAS, Section 3333.15, Basis of computing area, requires a maximum lot coverage of fifty (50) percent, while the applicant proposes a maximum lot coverage of sixty (60) percent as a multiple dwelling development and of one hundred (100) percent if the development is platted as attached dwelling units; and

WHEREAS, Section 3333.16, Fronting on a public street, requires a dwelling unit to have frontage on a public street, and the proposed development meets this requirement as a multiple dwelling development, but the applicant may plat individual dwelling units to be on separate lots and the west dwelling units would not have street frontage; and

WHEREAS, Section 3333.18, Building lines, requires the building line to be twenty-five (25) feet from West Second Avenue and Harrison Park Place, while the applicant proposes building lines of five (5) feet along West Second Avenue, and two (2) feet along Harrison Park Place; and

WHEREAS, Section 3333.22, Maximum side yard required, requires the sum of the widths of each side yard to equal 20% of the lot width, subject to a maximum of sixteen (16) feet, while the applicant proposes reduced maximum side yards of between zero (0) feet and 3.5 feet if the development is platted as attached dwelling units; and

WHEREAS, Section 3333.23(a), Minimum side yard permitted, requires a side yard of no less than five (5) feet, while

the applicant proposes reduced minimum side yards of between zero (0) feet and 3.5 feet if the development is platted as attached dwelling units; and

WHEREAS, Section 3333.24, Rear yard, requires that each dwelling, apartment house, or other principal building shall be erected so as to provide a rear yard totaling no less than twenty-five (25) percent of the total lot area, while the applicant proposes reduced rear yards of zero (0) percent if the development is platted as attached dwelling units; and

WHEREAS, Section 3333.255, Perimeter yard, requires a 25-foot wide perimeter yard for a multiple dwelling development, while the applicant proposes perimeter yard of two (2) feet along the south and west property lines; and

WHEREAS, Section 3363.27(b)(1)(2), Height and area regulations, requires the building line to be twenty-five (25) feet from public streets and residentially-zoned property, while the applicant proposes a building line of five (5) feet along West Second Avenue; and

WHEREAS, City Departments recommend approval because the request is consistent with the land use recommendations of the *Harrison West Plan* (2005), and the established development pattern in the neighborhood. In addition, the proposal allows twelve less units than what was anticipated for this site, and will allow the Recreation and Parks Department to reorganize the facilities at Harrison Park; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **575 WEST SECOND AVENUE (43201)**, in using said property as desired; and

WHEREAS, an emergency exists in the usual daily operation in the City of Columbus in that it is immediately necessary to pass this ordinance to begin construction as soon as possible for the immediate preservation of the public peace, property, health and safety; now, therefore:
