This ordinance authorizes the Director of Public Utilities to modify an existing contract for tree trimming and removal services required by the Division of Water. This is the third modification of the contract and is to add additional funding for the Division of Water only. This modification does not extend the length of the contract. The Division of Water requires additional funding for the removal of a large number of dead and diseased trees along city properties; the majority of which have been damaged by the emerald ash borer blight. The city desires to cut down dead or diseased trees in order to preserve public and private property, to reduce risk of injury from falling trees or limbs, and to support the growth of healthy, native trees.

A request for bids was advertised in the City Bulletin (SA004661) and only one bid was received and opened by the Director of Public Utilities on November 14, 2012. The bid was evaluated and an award was recommended to Asplundh Tree Expert Co. as the lowest, responsive and responsible bid received. The contract was awarded for a two-year period. This legislation authorizes the expenditure of an additional \$40,000.00 during the second year of the contract. The length of the contract is not affected by this modification. The Contract Compliance Number for Asplundh Tree Expert Co. is 23-1277550, expires 10/22/2014.

1. Amount of additional funds: Total amount of additional funds needed for this contract modification #3 is \$40,000.00. Total amount of the contract including this modification is \$864,000.00

2. Reason additional funds were not foreseen: The need for additional funds was known at the time of the initial contract. This legislation is to encumber the funds necessary for tree trimming and removal services to improve the area around city properties by removing dead and diseased trees, to reduce risk of injury from potential danger of falling trees or limbs.

3. Reason other procurement processes not used: Work under this modification is a continuation of services included in the original scope of the bid contract. No lower pricing or more attractive terms and conditions are anticipated at this time.

4. How was cost determined: The cost, terms and conditions are in accordance with the original agreement.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

Emergency action is requested in order to process payment in a timely manner.

FISCAL IMPACT: There is sufficient budget authority in the 2014 Water Operating Fund for this modification. In 2012, the Division of Water's expenditure was \$24,549.00 and in 2013 it was \$24,285.00. Year to date expenditure for 2014 is \$128,947.19.
