Background: This ordinance authorizes the Finance and Management Director to establish purchase orders and contracts for the purchase and up-fitting of vehicles and light duty trucks for various departments within the City of Columbus. The purchase orders for the majority of the vehicle purchases will be issued from Universal Term Contracts (UTCs) that have been previously established by the City of Columbus Purchasing Office. Competitive bidding for the remaining vehicles and up-fitting will go through the Division of Purchasing. All bids will be obtained and contracts awarded using City Code Chapter 329. This legislation will establish the funding necessary to enter into contracts with the vendors on an as-needed basis.

This ordinance authorizes the Finance and Management Director to establish purchase orders with Byers Ford, (Contract FL005473- Light Duty Trucks) for the acquisition of vehicles by the Fleet Management Division for subsequent distribution to various city departments.

Byers Ford Contract (FL005473) Compliance Number is 31-4139860, expires 12/17/2015 \$400,435.00

This ordinance authorizes the Finance and Management Director to also establish purchase orders with the following vendors who were the most responsive and responsible bidders per their respective solicitations:

These vehicles are to be purchased as replacements for older, high mileage, and high maintenance vehicles currently in service. These vehicles are fuel efficient and will relieve the city of maintenance expenses and general upkeep costs. Investing in these units will reduce overall maintenance costs and petroleum fuel consumption.

The projected quantities to be purchased by vehicle make/model and quantity are contained in the summary attached to this ordinance. (See Ordinance 1975-2014.xlsx)

These companies are not debarred according to the Federal excluded parties listing or prohibited from being awarded a contract to the Auditor of State unresolved findings for recovery certified search.

Fiscal Impact: A total of \$1,002,171.00 will be appropriated and spent from the Special Income Tax Fund.

Emergency action is requested so that older high mileage vehicles can be removed from service and newer vehicles can be placed into service for immediate use by various city departments.
