**Background:** On December 14, 2014, the Department of Finance and Management, Real Estate Management Office, solicited a Request for Proposals (RFP) for Insurance Brokerage and Risk Engineering Services for Property Casualty, Boiler & Machinery, Aviation, General Liability and Excess Liability Insurance (SA005700). The Real Estate Management Office (REMO) sought to identify qualified insurance brokers, insurance agencies, or insurance agents to provide insurance brokerage services for the city's property casualty, boiler & machinery, aviation, general liability, and excess liability insurance programs. The RFP required the Responder to: demonstrate that it possesses the resources, flexibility, innovation, and commitment to service that will provide the city with the highest level of service and value; that it has the ability to negotiate equally with every insurance underwriter; and, that it is able to maintain strong, unbiased relationships with all underwriters. REMO conducted research to identify potential brokers of adequate size and experience for inclusion in the solicitation along with vendors currently registered with the city under commodity codes associated with insurance and brokerage services.

Responses to the RFP solicitation were due by 11:00 a.m. on January 29, 2015. The city received a total of six (6) responses with one proposal deemed non-compliant due to its delivery after the 11:00 a. m. deadline. Each proposal was evaluated based upon the following criteria: competency of the Responder to perform the required brokerage services; feasibility and quality of the Responder's proposal; ability of the Responder to perform the required brokerage services competently and expeditiously; Responder's past performance with projects of similar size and scope; and the Responder's proposed compensation and cost structure. After the preliminary scoring and discussion of the responder proposals on February 20<sup>th</sup>, due to the close range of the scores, the Proposal Evaluation Committee (comprised of five members) determined that it was in the city's best interest to interview the top three scoring Responders. Those Responders were Arthur J. Gallagher Risk Management Services, Inc., Wells Fargo Insurance Services USA, Inc., and Willis of Ohio, Inc. Interviews were conducted on March 5<sup>th</sup> and final scoring was completed on March 12<sup>th</sup>.

The Proposal Evaluation Committee determined that Wells Fargo Insurance Services USA, Inc. is the best qualified responder to provide insurance brokerage and risk management services to the City having scored the highest in total points and also achieving the highest score in the criteria categories of Competence, Ability of Responder to Perform, and Past Performance. The city desires to establish a five (5) year contractual relationship with Wells Fargo Insurance Services USA, Inc. as the city's insurance broker.

The insurance brokerage and risk engineering service fee for the initial one-year term and the four automatic renewal terms of the Contract will be \$38,000.00 per year based on the city's existing insurance program. The brokerage fee may be adjusted, as agreed upon by both parties, if the city significantly expands its existing program or adds new types of coverage. The total annual cost of the contract for each term shall include the brokerage fee plus the actual underwriting cost to bind the policies of insurance coverage selected by the city.

Wells Fargo Insurance Services USA, Inc. will solicit multiple underwriting quotes for each of the city's existing insurance programs for each policy term beginning with term effective August 1, 2015 through July 31, 2016.

This ordinance authorizes the Director of Finance and Management to execute those documents necessary to enter into a contract with Wells Fargo Insurance Services USA, Inc. for Insurance Brokerage and Risk Engineering Services for an initial one-year term and four automatic one-year renewals subject to City Council approval of funds and certification of funds availability by the City Auditor for an initial term commencing May 1, 2015 to April 30, 2016; to bind coverage for all city insurance programs for the term August 1, 2015 to July 31, 2016; and to expend up to \$395,000 from the Department of Finance and Management 2015 boiler and property budget and to expend up to \$148,300 from the Department of Public Safety, 2015 general fund budget. This ordinance also authorizes the Director of Finance and Management to approve any necessary changes in the city's insurance program, such as additions of buildings, aircraft, vehicles, modify coverage limits, and additions to type or lines of coverage during the 2015-2016 policy term.
