Council Variance Application: CV15-014

APPLICANT: Jason Slagle; 1051 Hamlet Street; Columbus, OH 43201.

PROPOSED USE: Single-unit dwelling with reduced development standards.

ITALIAN VILLAGE COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is comprised of three contiguous parcels developed with an industrial structure and carport/storage building zoned in the M-2, Manufacturing District. The requested Council variance will permit the conversion and expansion of the existing structure into a single-unit dwelling, with variances to conform the existing structure, including vision clearance, building lines, and M-2 Manufacturing district special provisions. The site is located within the planning area of the *Italian Village East Redevelopment Plan* (2000), which recommends residential development for this location. Staff supports this proposal conditioned on the applicant rezoning to an appropriate zoning district within one year of the passage of this Council variance.

To grant a Variance from the provisions of Sections 3367.01, M-2, Manufacturing uses; 3321.05(A), Vision clearance; and 3367.15, M-2 Manufacturing district special provisions, of the Columbus City Codes; for the property located at **1023 NORTH SIXTH STREET (43201)**, to permit a single-unit dwelling with reduced development standards in the M-2, Manufacturing District (Council Variance # CV15-014). (REPEALED BY ORD. 0051-2018; PASSED 1/22/2018)

WHEREAS, by application No. CV15-014, the owner of property at **1023 NORTH SIXTH STREET (43201)**, is requesting a Council variance to permit a single-unit dwelling with reduced development standards in the M-2, Manufacturing District; and

WHEREAS, Section 3367.01, M-2, Manufacturing District, only permits offices and specified industrial uses, while the applicant proposes a single-unit dwelling; and

WHEREAS, Section 3321.05(B)(1), Vision clearance, requires a ten-foot clear vision triangle between the elevations of two and one-half to ten feet above the alley grade at the intersection of an alley and a street, while the applicant proposes to maintain an existing building within clear vision triangle; and

WHEREAS, Section 3367.15, M-2 Manufacturing district special provisions, requires that any building or structure of any type shall be located not less than fifty (50) feet from the street line, while the applicant proposes to maintain the existing non-conforming building setback of three (3) feet, to maintain the existing fence line along the North Sixth Street with a setback of 2.5± feet, and to construct a privacy fence along the north property line that extends to North Sixth Street at a setback of zero (0) feet; and

WHEREAS, the Italian Village Commission recommends approval; and

WHEREAS, City Departments recommend approval of this request given the industrial zoning designation, re-use of the existing building, and consistency with the *Italian Village East Redevelopment Plan* recommendation; and

WHEREAS, said ordinance requires separate submission for all applicable permits for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owner of the property located at **1023 NORTH SIXTH STREET (43201)**, in using said property as desired; now, therefore:
