The Director of Public Utilities entered into a contract with Oracle Elevator Company for Elevator Maintenance Services, FEM Project No. 1401.3 for the Division of Sewerage and Drainage. The Southerly Wastewater Treatment Plant, Jackson Pike Wastewater Treatment Plant and Sewer Maintenance Operation Center have various styles of elevators that need to be inspected, maintained and repaired on a routine and emergency basis. The work to be performed under this contract will be mainly Elevators and their associated equipment and systems that require inspection, testing, troubleshooting, maintenance, and repair or replacement of failed components. The work may also include updating of software for the various units and their associated equipment.

The Department of Public Utilities advertised and solicited competitive bids in accordance with Columbus City Code Chapter 329 (Solicitation SA005332). Twenty-six (26) bids were solicited (2 MBR, 2 M1A, 22 MAJ), and three (3) bids (3 MAJ) were received and opened on March 26, 2014. The apparent low bidder, Fujitec America Inc., had requested to withdraw their bid in accordance with CMSC paragraph 102.13, within the specified 48 hours. This request was due to the vendor incorrectly summarizing their pricing on a monthly rather than a yearly basis. It would present an extreme hardship on the company to honor these prices.

After review of the bids, it was determined that Kone Inc. was non-responsive due to adding contract provisions not provided in the documents. The Division of Sewerage and Drainage then recommended an award be made to the lowest, responsive and responsible bidder Oracle Elevator Company.

The original contract was for a period of one year with three (3) one year renewal options on a year to year basis upon mutual agreement, availability of funding and Columbus City Council approval. The Division of Sewerage and Drainage is utilizing the first extension option. This is the 2nd year of a four (4) year contract. This modification No. 1 will extend the contract through and including September 14, 2016.
