The credit of \$78,924.50 is a result of an overbilling correction with Network Dynamics Inc. from the Cisco Smartnet maintenance services authorized under ordinance#:1290-2015, passed June, 01, 2015. This overbilling occurred due to devices becoming ineligible for maintenance due to end of support status after the quote and legislation was submitted. This ordinance will authorize that the credit due be applied against the purchase price of Cisco WebX services (\$88,357.50), resulting in the remaining fund balance due totaling \$9,433.00.
