To authorize and direct the Director of Education to enter into contracts with various non-profit community organizations to provide after-school programming from February 1 - December 31, 2016. These programs serve students from low and moderate-income families and are designed to give children a strong sense of self-worth, academic ability and community responsibility.

Investments in after-school programming make a difference for youth and their families by addressing academic achievement challenges, providing social and emotional skills and decreasing the opportunity for risky behavior.

The department's investment of \$164,000 leverages approximately \$1.3 million in private and public programming dollars.
