1. BACKGROUND

The purpose of this ordinance is to amend Ordinance 2231-2015 in order to add additional description of the right-of-way to the original ordinance.

The purpose of Ordinance 2231-2015 was to authorize the Director of Public Service to vacate the right-of-way identified as an approximate 2,250 square foot portion of the Young Street right-of-way. The City of Columbus, Department of Public Service, received a request from the City's Department of Finance and Management asking that the City vacate the right-of-way identified as an approximate 2,250 square foot portion of the Young Street right-of-way, located north of East Long Street between North 4th and North 5th Streets. The vacating of this right-of-way will facilitate the re-development of City owned property located on either side of the above mentioned right-of-way. Per current practice, comments were solicited from interested parties, including City agencies, private utilities and the applicable area commission, before it was determined that the City will not be adversely affected by the vacating of this right-of-way.

The reason that Public Service is requesting this amendment of the original ordinance is the Franklin County Engineers Office believes the original legislated description of the right-of-way being vacated was not well defined and has requested a revision of the language to precisely define the borders of the land being vacated.

2. FISCAL IMPACT

None.

3. EMERGENCY JUSTIFICATION

Emergency action is requested to allow the development of this project to proceed as currently scheduled.

To amend Section 1 of Ordinance 2231-2015, passed on September 21, 2015, in order to add additional description of the right-of-way being vacated; and to declare an emergency.
