This ordinance authorizes the Director of the Recreation and Parks Department to submit an application for a NatureWorks Grant for Southgate Parkland. The NatureWorks Grant is administered by the Ohio Department of Natural Resources to assist Ohio public entities in the acquisition or development of public outdoor recreation areas.

Background: This grant will be used for the construction of an open shelter, parking lot, loop walk, and playground on the currently undeveloped Southgate Parkland located on Obetz Road, west of Parsons Avenue in the Far South Columbus Area. These improvements will serve residents of the Southgate Neighborhood and the Far South Area by providing a needed and easily accessible neighborhood recreation space. Park Development average cost is \$200,000 to \$250,000. Application will request 50%.

Principal Parties:

Ohio Department of Natural Resources
2045 Morse Road, E-2, Columbus, OH 43229
Mary Fitch 614-265-6477
CCN: 31-6402047

Emergency Justification: This legislation needs to be submitted as emergency in order to complete and submit the application prior to the June 1st, 2016 grant application deadline.

Benefits to the Public: Developing Southgate Park will benefit the surrounding community by providing a neighborhood park within walking distance of the Southgate Neighborhood. Applying for funding through the NatureWorks Grant will benefit the City by reducing the capital burden of the park development while also meeting the goals of the Ohio Department of Natural Resources in its administration of the grant.

Community Input Issues: In 2015, the Columbus Recreation and Parks Department developed a Conceptual Master Plan for the Southgate Parkland. This Master Plan was reviewed and approved by the Far South Columbus Area Commission in October 2015. The Area Commission would be further involved as detailed plans are developed.

Area(s) Affected: Planning Area 23 - Far South Columbus Area, Southgate Neighborhood

Master Plan Relation: This project will support the mission of the Recreation and Parks Master Plan by making facilities within a park accessible to pedestrians, locating neighborhood parks within a half mile of all neighborhoods, and improving five neighborhood parks per year.
