BACKGROUND:

This legislation is to authorize the Director of the Department of Technology and the Director of the Department of Columbus Public Health to continue an annual license agreement for SAS statistical software, provided by SAS Institute, Inc., for the Department of Columbus Public Health. The original agreement (associated with purchase order ED034681) was established in December 2007, and most recently executed by authority of ordinance 1656-2015, passed July 27, 2015, through purchase order EL017432. This ordinance will provide for software licensing from August 1, 2016 through July 31, 2017 at a cost of \$9,730.00.

This license is utilized by the Office of Assessment & Surveillance at Columbus Public Health, to accomplish public health data management, processing, and analysis. Also, this license provides Columbus Public Health with public health information for decision making and policy development within the city and to external agencies/partners.

Due to the extensive scripts/programs that have already been written using the SAS language and are being used to produce the current data management, processing and analysis, it is not in the City's best interests to utilize an alternative data processing and statistical analysis solution. Switching products would require extensive staff training on a different application's processes and language, thereby decreasing efficiency and work productivity. The SAS Institute is the sole source provider of licenses, so this ordinance is being submitted in accordance with the provisions of sole source procurement of the City of Columbus Code, Section 329.07.

FISCAL IMPACT:

In 2014 and 2015, \$9,260.00 and \$9,540.00 was expended respectively each year for software license maintenance and support in accordance with SAS statistical software by SAS Institute Inc. For this year (2016) the cost of \$9,730.00 has been budgeted and is available within the Department of Technology Information Services Operating Fund. The aggregate contract total including this request is \$89,780.00.

CONTRACT COMPLIANCE:

Vendor: SAS Institute Inc. CC#/F.I.D#: 56 - 1133017 Expiration Date: 7/15/2017
(DAX Vendor Account #009321)

To authorize the Director of the Department of Technology and the Director of the Department of Columbus Public Health to continue an annual software license support services contract for SAS statistical license, provided by SAS Institute Inc., for the Department of Columbus Public Health, in accordance with the sole source provisions of the Columbus City Codes; and to authorize the expenditure of \$9,730.00 from the Department of Technology, Information Services Operating Fund.(\$9,730.00)

WHEREAS, it is necessary to authorize the Director of the Department of Technology and the Director of the Department of Columbus Public Health to continue an annual software license support services contract with SAS Institute Inc., to provide SAS statistical software for the coverage period August 1, 2016 through July 31, 2017 in the amount of \$9,730.00, and
