The purpose of this legislation is to authorize the Director of Public Utilities to enter into a contract modification Number 4 with General Temperature Control, Inc. for the purpose of providing Boiler Maintenance Services for the Department of Public Utilities facilities at Southerly Wastewater Treatment Plant, Jackson Pike Wastewater Treatment Plant, Sewer Maintenance Operations Center and the Dublin Road Water Treatment Plant, Facilities Equipment Maintenance Project #1502.7. Other Department sites may be added in the future. The work to be performed under this contract will be mainly boilers and their associated equipment and systems that require inspection, testing, troubleshooting, chemical addition and balancing, maintenance, and repair or replacement of failed components. The work may also include updating of software and firmware for the various boiler system heating units or any boiler associated equipment. Maintenance and repair of piping systems, fees for State Inspections and necessary chemicals are also considered part of the boiler system and therefore part of the required work.

The Department of Public Utilities solicited Competitive Bids for the subject services in accordance with the relevant provisions of City Code Chapter 329 for Competitive Sealed Bidding (SA004871). Sixteen (16) vendors were solicited (16 MAJ). Two (2) bids (2 MAJ) were received, on April 10, 2013. General Temperature Control, Inc. was determined to be the lowest, most responsive, responsible and best bidder.

The original contract was in effect for one (1) year to and including August 26, 2014. The contract language allows for the Department of Public Utilities to extend the contract for three (3) additional years on a year to year basis upon mutual agreement and budgeted funds. This proposed modification is the 4th year of the contract and will provide additional funding necessary for the payment of services to be provided through the contract extension date of August 26, 2017.

This ordinance is being submitted in accordance with the relevant provisions of Columbus City Code Chapter 329 relating to contract modifications.

SUPPLIER: General Temperature Control, Inc. (31-1201236), Expires April 6, 2018
General Temperature Control, Inc. does not hold MBE/FBE status.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

1. Amount of additional funds: Total amount of additional funds needed for this modification Number 4 is \$170,500.00.
2. Reason additional funds were not foreseen: The need for additional funds was known at the time of the initial contract, as this is an annual expenditure. This legislation is to encumber the funds for fiscal year 2016 for the Division of Sewerage and Drainage. No additional funding is needed at this time for the Division of Water.
3. Reason other procurement processes not used: Work under this modification is a continuation of services included in the scope of the original bid contract. No lower pricing/more attractive terms and conditions are anticipated at this time.
4. How was cost determined: The cost, terms and conditions are in accordance with the original agreement.

FISCAL IMPACT: \$170,500.00 is needed for this modification and will be funded by the Division of Sewerage and Drainage and \$0.00 will be funded by the Division of Water.

The contract amount for modification #4 will be utilized to provide services under this contract for the various Division of Sewerage and Drainage facilities. No funding is being requested for the Division of Water at this time.
