1. BACKGROUND

This legislation authorizes the Director of Public Service to modify and increase an existing contract with TranSystems Corporation of Ohio, in the amount of up to \$50,000.00, for the Roadway, Bikeway, and Pedestrian Improvements - General Engineering (2014) project.

This modification will authorize the survey and design of the Binns Boulevard retention basin and associated sewer system that will treat runoff for two other projects in the area, reducing overall design and construction costs for this area. The need for this modification was not anticipated when the original contract was awarded. The consultant has the survey data and design for the adjacent sidewalk project which will save time and design fees as opposed to initiating a procurement effort for another engineering contract.

The original contract amount: \$400,000.00 (EL016498, Ord. 2425-2014)
The total of Modification No. 1: \$50,000.00
The contract amount including all modifications: \$450,000.00

Searches in the System for Award Management (Federal) and the Findings for Recovery list (State) produced no findings against TranSystems Corporation of Ohio.

2. CONTRACT COMPLIANCE

The contract compliance number for TranSystems Corporation of Ohio is 43-0839725 (Vendor Number 007988) and expires 6/3/17.

3. FISCAL IMPACT

Funds in the amount of \$50,000.00 are available for this project within the Streets and Highways Bond Fund, Fund 7704

within the Department of Public Service. A transfer of funds within Fund 7704 is necessary to establish sufficient funding for the project.

4. EMERGENCY DESIGNATION

Emergency action is requested in that this contract should be authorized immediately so as to provide necessary funding for engineering and design services and to prevent delays in the Department of Public Service's Capital Improvement Program.

To amend the 2016 Capital Improvements Budget; to authorize the City Auditor to transfer funds and appropriation within the Streets and Highways Bond Fund; to authorize the Director of Public Service to modify and increase the contract with TranSystems Corporation of Ohio for engineering, technical, and surveying services in connection with the Roadway, Bikeway, and Pedestrian Improvements - General Engineering (2014) project; to authorize the expenditure of up to \$50,000.00 from the Streets and Highways Bonds Fund; and to declare an emergency. (\$50,000.00)

WHEREAS, contract no. EL016498, in the amount of \$400,000.00, was authorized by ordinance no. 2425-2014; and

WHEREAS, the Department of Public Service has determined it to be in the City's best interest to modify the subject contract for the purpose of performing detailed design for survey and design of the Binns Boulevard retention basin and associated sewer system., up to the amount of funds available from the original and all contract modifications (\$450,000.00); and

WHEREAS, funds are needed to pay for the contract modification; and

WHEREAS, it is necessary to authorize an amendment to the 2016 Capital Improvements Budget for the purpose of providing sufficient spending authority for the aforementioned project expenditure; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service in that it is immediately necessary to authorize the Director to modify the contract with TranSystems Corporation of Ohio so that funding can be made available for necessary engineering and design services for capital improvement projects, thereby preserving the public health, peace, property, safety and welfare; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
