1. BACKGROUND: This legislation authorizes the Director of Public Utilities to enter into a professional engineering services agreement with HDR Engineering, Inc., for the Harrington Court Area Water Line Improvements Project, in an amount up to \$236,437.05 for Division of Water Contract No. 2115.

This project includes replacing or rehabilitating approximately 8,365 linear feet of 6-inch and 8-inch water lines and 2,080 linear feet of water service transfers within the Harrington Court area.

The Department of Public Service has requested an additional \$23,631.81 in design fees for pavement resurfacing and ADA ramp replacements to be included in the project.

The project is located in the “Northwest” (5) and “Northland” (6) Community Planning Areas in the vicinity of the intersection of Karl Road and E. Dublin Granville Road, as well as Minerva Park. A portion is also located just south of Worthington between Godown Road and Olentangy River Road.

2. ECONOMIC IMPACT/ADVANTAGES; COMMUNITY OUTREACH; PROJECT DEVELOPMENT; ENVIRONMENTAL FACTORS/ADVANTAGES OF PROJECT: The goal of this project is to replace or rehabilitate the existing 6-inch and 8-inch water lines that have a high break frequency. Replacement of these water lines will improve water service, decrease burden on water maintenance operations, and reduce water loss. The Neighborhood Liaison(s) will be contacted and informed of this project during the design phase. Further community outreach may result through the Neighborhood Liaison Program.

3. BID INFORMATION: The selection of the firm providing the professional engineering services has been performed in accordance with the procedures set forth in Columbus City Code, Section 329, "Awarding professional service contracts through requests for proposals." The evaluation criteria for this contract included: 1. proposal quality and feasibility, 2. past performance, 3. environmentally preferable offeror, and 4. local workforce.

Requests for Proposals (RFP's) were received on April 8, 2016 from HDR Engineering, E.P. Ferris & Associates, ms consultants, Strand Associates, and Resource International. ADR & Associates was invited to submit a proposal but did not submit.

Note: The RFP included three (3) projects and the top three (3) ranked firms were selected for these projects. The Division of Water determined which projects were to be awarded to each of the top 3 ranked firms.

An evaluation committee reviewed the proposals and scored them based on the criteria mentioned above. The Department of Public Utilities recommends that the Harrington Court Water Line Improvements agreement be awarded to HDR Engineering, Inc.

The Contract Compliance Number for HDR Engineering, Inc. is 31-1194974 (expires 5/15/17, MAJ) and their DAX Vendor Number is 004823. Additional information regarding all bidders, description of work, contract time frame and detailed amounts can be found on the attached Information form.

Searches in the Excluded Party List System (Federal) and the Findings for Recovery list (State) produced no findings against HDR Engineering, Inc.

4. FISCAL IMPACT: There are sufficient funds within the Water G.O. Bonds Fund for the Division of Water's share.

For the Department of Public Service's share, a transfer of funds within the Streets and Highways G.O. Bonds Fund will be necessary as well as an amendment to the 2016 Capital Improvements Budget.
