The purpose of this legislation is to authorize the Director of Public Utilities to modify and increase funding to an existing service agreement (EL014925) with InfoSend, Inc., to provide Bill Presentment Services for the Department of Public Utilities.

On August 30, 2012, the Director of Public Utilities received nine (9) proposals in response to an RFSQ for Electronic/Traditional Bill Presentment and Payment Application Services. InfoSend, Inc. was selected to provide this service. For each year of the three-year contract, funds for the services shall be reviewed, and expenditures shall be approved by ordinance of City Council, and appropriation and certification of funds by the City Auditor. The first year of the agreement (2014), the contract was funded in the amount of \$1,300,081.00. The second year of the agreement (2015), the contract was funded in the amount of \$1,100,000.00. The third year of the agreement (2016), the contract was funded in the amount of \$1,400,000.00. Subject to mutual agreement, the term of this agreement can be extended for two (2) additional one-year extensions under the same terms, conditions and pricing stated herein. This is the first of two one-year extensions. The maximum obligation of the City for services described in this agreement for the first one-year extension is ADD \$1,200,000.00 unless all of the following occur: this agreement is modified in writing; City Council enacts an ordinance approving the new amount; and the Auditor has certified the additional funds.

SUPPLIER: InfoSend, Inc.: (33-0748516) Expires: 02/01/2018, MAJ

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

1. Amount of additional funds: Total amount of additional funds needed for this contract modification is ADD \$1,200,000.00. Total contract amount including this modification is \$5,000,081.00.

2. Reason additional funds were not foreseen: The need for additional funds was known at the time of the initial contract. This legislation adds additional funding for the first of two one-year extensions.
3. Reason other procurement processes not used: Work under this modification is a continuation of services included in the scope of the original contract. No lower pricing/more attractive terms and conditions are anticipated at this time.
4. How was cost determined: The Department of Public Utilities and InfoSend, Inc. negotiated the cost of the planned contract modification.

FISCAL IMPACT: Funds are budgeted in the Water Operating Fund for this planned contract modification of \$1,200,000.00. (\$1,200,000.00)
