BACKGROUND: The Council of the City of Columbus previously passed a resolution approving two petitions for the addition or certain real property to the Columbus Regional Energy Special Improvement District (the “District”) and two supplemental plans for special energy improvement projects to be constructed upon such parcels once added to the District. Pursuant to that resolution, the real property has been added to the District. The supplemental plans previously approved by the Council provide that special assessments levied by the Council pursuant to Chapters 727 and 1710 of the Ohio Revised Code be used to pay the costs of “special energy improvement projects,” as that term is defined in Section 1710.01 of the Ohio Revised Code, to be constructed pursuant to the supplemental plans.

The Council, by resolution, has further determined the necessity of proceeding to levy special assessments for the purposes set forth in the supplemental plans.

This legislation is to determine to proceed with the levying of the special assessments and to levy such special assessments, all pursuant to Chapters 727 and 1710 of the Ohio Revised Code, and pursuant to the Charter of the City of Columbus. This legislation also authorizes and approves Energy Project Cooperative Agreements and Special Assessment Agreements facilitating the provision of the special energy improvement projects.

Emergency action is requested on this legislation to allow the special assessment process to proceed in a timely manner and allow financing for the special energy improvement projects to be obtained by the District.
