Council Variance Application: CV16-058

APPLICANT: Sidestreet Development LLC; c/o Amanda Dunfield, Architect; 3126 Derby Road; Columbus, OH 43221.

PROPOSED USE: Mixed-commercial development including a microbrewery with off-site distribution and outdoor event space.

COLUMBUS SOUTHSIDE AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Disapproval. The site is developed with several vacant buildings zoned C-4, Commercial, and L-C-4, Limited Commercial districts, and is within the Parsons Avenue Urban Commercial Overlay. The applicant plans to renovate the buildings into potential eating and drinking establishments, offices, or residences, depending on market demand and resources. The renovation also includes turning a majority of the existing yard into a courtyard and patio seating/event space area. For flexibility on establishing new uses in the existing buildings, the applicant is proposing that all buildings can be utilized as eating and drinking establishments (13,475± square feet) with 5,385± square feet of outdoor event/dining space. The request will allow full-service eating and drinking establishments with outdoor event/dining space and off-site distribution of microbrewery products, and includes variances for reduced number of required parking spaces from 123 to 0, no loading space, dumpster location, reduced vision clearance, and reduced separation from residential zoning districts for the brewery. The site is within the planning area of the *South Side Plan* (2014), which recommends "Neighborhood Mixed Use" for this location. Staff supports the proposed

mix of uses, but the Department of Public Service, Division of Traffic Management cannot support the requested parking reduction which may cause parking strains on the residential streets in the immediate area. Staff has advised the applicant to revise the requested parking variance to include the amount of planned office and brewery production square footage into the building area, which would reduce the amount of space devoted to eating and drinking establishments, thereby reducing the number of parking spaces required for the improvements.

To grant a Variance from the provisions of Sections 3356.03, C-4, permitted uses; 3370.05 Permitted uses; 3311.28(b), Requirements; 3312.49(C), Minimum number of parking spaces required; 3312.53, Minimum number of loading spaces required; 3321.01, Dumpster area; 3321.05(B)(1), Vision clearance; 3363.19(C), Location requirements; and 3372.607 (C), Landscaping and screening, of the Columbus City Codes; for the property located at **691 PARSONS AVENUE (43206)**, to allow a mixed-commercial development, including a microbrewery with off-site distribution and outdoor event space, with reduced development standards in the C-4, Commercial District and L-C-4, Limited Commercial District (Council Variance # CV16-058).

WHEREAS, by application # CV16-058, the owner of property at **691 PARSONS AVENUE (43206)**, is requesting a Council Variance to allow a mixed-commercial development, including a microbrewery with off-site distribution and outdoor event space, with reduced development standards in the C-4, Commercial District and L-C-4, Limited Commercial District; and

WHEREAS, Section 3356.03, C-4, Commercial district, permits a brewery for on-site sales and consumption, while the applicant proposes a brewery with off-site distribution which the Zoning Code categorizes as a *more objectionable* manufacturing use; and

WHEREAS, Section 3370.05 Permitted uses, allows one or more of the uses permitted by the underlying zoning district, which are limited to certain commercial uses as listed in the limitation overlay text adopted in Ordinance No. 1177-88 (Z87-1742), while the applicant proposes a full-service eating and drinking establishment, a brewery with off-site distribution, and outdoor dining or event space to be operated on the property in the L-C-4 district, which currently limits certain types of restaurants; and

WHEREAS, Section 3311.28(b), Requirements, requires that more objectionable uses are to be conducted within the M or M-1, Manufacturing districts, and within not less than 600 feet from any residential districts, while the applicant proposes locating a brewery with off-site distribution in the C-4, Commercial, and L-C-4, Limited Commercial districts on a lot that abuts residentially-zoned property; and

WHEREAS, Section 3312.49(C), Minimum number of parking spaces required, requires 123 parking spaces for the change of use from retail, office, and apartment uses to eating and drinking establishment space totaling 13,475± square feet, with 5,385± square feet of outdoor dining/event space, while the applicant proposes zero parking spaces, but has acquired a parking lease agreement for 15 unlimited spaces and 46 evening/weekend spaces at 646 Parsons Avenue; and

WHEREAS, Section 3312.53, Minimum number of loading spaces required, requires a minimum of one loading space, while the applicant proposes zero loading spaces; and

WHEREAS, Section 3321.01, Dumpster area, requires that a dumpster not be located in any required yard, while the applicant proposes a trash enclosure in the required front setback along Beck Street as shown on the Site Plan; and

WHEREAS, Section 3321.05(B)(1), Vision clearance, requires a ten-foot vision clearance triangle at the intersection of Parsons Avenue and May Alley, while the applicant proposes to maintain encroachment into the vision clearance triangle by the building labeled as “691 Parsons Avenue” on the attached site plan.; and

WHEREAS, Section 3363.19(C), Location requirements, requires *more objectionable* uses to be located a minimum of 600 feet from any residential or apartment residential district, while the applicant proposes a brewery with off-site

distribution on a lot that abuts residentially-zoned property; and

WHEREAS, Section 3372.607(C), Landscaping and screening, requires that dumpsters shall be located behind the principal building, while the applicant proposes a trash enclosure in the required front setback along Beck Street as shown on the Site Plan; and

WHEREAS, the Columbus Southside Area Commission recommends approval; and

WHEREAS, City Departments recommend disapproval because the requested parking reduction may cause parking strains on the residential streets in the immediate area. Staff supports the proposed mix of uses, and has advised the applicant to revise the requested parking variance to include the amount of planned office and brewery production square footage into the building area, which would reduce the amount of space devoted to eating and drinking establishments, thereby reducing the number of parking spaces required for the improvements; and

WHEREAS, said ordinance requires separate submission for all applicable permits and a Certificates of Occupancy for the proposed new uses; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **691 PARSONS AVENUE (43206)**, in using said property as desired; and

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That a variance from the provisions of Sections 3356.03, C-4, permitted uses; 3370.05 Permitted uses; 3311.28(b), Requirements; 3312.49(C), Minimum number of parking spaces required; 3312.53, Minimum number of loading spaces required; 3321.01, Dumpster area; 3321.05(B)(1), Vision clearance; 3363.19(C), Location requirements; and 3372.607(C), Landscaping and screening of the Columbus City Codes; is hereby granted for the property located at **691 PARSONS AVENUE (43206)**, insofar as said sections prohibit 13,475± square feet of eating and drinking establishment space including a microbrewery with off-site distribution and 5,385± square feet of outdoor dining/event space in the C-4, Commercial District, and L-C-4, Limited Commercial District; with a reduced minimum number of required parking spaces from 123 spaces to 0 spaces; no loading space; a dumpster within the front setback and in front of a building along Beck Street; encroachment into the vision clearance triangle by the existing building at the intersection of Parsons Avenue and May Alley; and a reduction in the required distance separation of a brewery including distribution from residentially-zoned property from 600 feet to 0 feet; said property being more particularly described as follows:
