The Director of Public Utilities entered into a contract with Righter Company, Inc. to provide Specialty Maintenance Crafts for various Divisions of the Department of Public Utilities, FEM Project No. 0101.5. The Department of Public Utilities advertised Request for Proposals (RFP's) for the subject services, in the City Bulletin in accordance with the relevant provisions of City Code Section 329 (SA005659). Ninety-one (91) vendors (82 MAJ, 3 MBE, 6 M1A) were solicited and one (1) proposal (1 MAJ), from Righter Company, Inc., was received on December 4, 2014. The proposal was reviewed based on quality and feasibility and Righter Company, Inc. was determined to be qualified to provide the services for the Specialty Maintenance Crafts project, for which the Director of Public Utilities and the Division of Sewerage and Drainage Administrator have concurred. The original contract was for a period of one year with three (3) one year renewal options on a year to year basis upon mutual agreement, availability of funding and Columbus City Council approval. This is the 3rd year of a four (4) year contract. This contract modification No. 2 will extend the contract through and including May 7, 2018.

This legislation is to encumber the funds budgeted for fiscal year 2017, that are necessary to complete work for the Department of Public Utilities at various facilities of the Division of Sewerage and Drainage, and, of the Division of Power.
3. Reason other procurement processes not used: Work under this modification is a continuation of services included in the scope of the original bid contract. No lower pricing/more attractive terms and conditions are anticipated at this time.
