1. BACKGROUND

This ordinance authorizes the Director of Public Service to enter into agreement with and provide funding to the Ohio Department of Transportation (ODOT) to construct the FRA-CR3-12.96 project, PID 98557.

The aforementioned project encompasses the reconfiguration and reconstruction of the ramp from Hilliard-Rome Road northbound to I-70 eastbound and is Part 2 of the FRA-70-3.41 project, which is currently under construction. Ramp realignment was not part of the ODOT project and was to be a City project. ODOT has agreed to include this work as part of their project in the area. This will prevent impacting motorist traffic in the area a second time and will be less expensive for the City when combined with the larger overall ODOT project.

2. FISCAL IMPACT

The estimated local share of associated construction costs is \$141,350.00. Funding for this project is available in the Streets and Highways Bond Fund within the Department of Public Service. An amendment to the 2017 Capital Improvements Budget is necessary to provide sufficient budget authority for the appropriate project.

3. EMERGENCY DESIGNATION

Emergency action is requested to allow ODOT to maintain the planned construction schedule and to promote highway safety.

To amend the 2017 Capital Improvements Budget; to authorize the City Auditor to transfer cash and appropriation between projects within the Streets and Highways Bond Fund; to authorize the Director of Public Service to enter into agreement with ODOT relative to the FRA-CR3-12.96 project, PID 98557; to authorize the expenditure of \$141,350.00 from the Streets and Highways Bond Fund; and to declare an emergency. (\$141,350.00)

WHEREAS, ODOT proposes reconfiguring and reconstructing the ramp from Hilliard-Rome Road northbound to I-70 eastbound; and

WHEREAS, this improvement project is within the City of Columbus corporate boundaries; and

WHEREAS, Columbus desires for the Director of Transportation to proceed with the aforementioned project and agrees to contribute funding toward the completion of that effort; and

WHEREAS, the estimated local share of associated construction costs is \$141,350.00; and

WHEREAS, this legislation authorizes the Director of Public Service to enter into agreement with ODOT relative to the FRA-CR3-12.96 project, PID 98557; and

WHEREAS, it is necessary to authorize an amendment to the 2017 Capital Improvements Budget and a transfer of cash and appropriation within the Streets and Highways Bond Fund for the purpose of providing sufficient spending authority for the aforementioned project expenditure; and

WHEREAS, an emergency exists in the usual daily operation of the Department of Public Service in that it is immediately necessary to authorize the encumbrance and expenditure of requisite funding for the project so as to prevent unnecessary delays in the completion thereof, thereby preserving the public health, peace, property, safety and welfare; now, therefore
