1. BACKGROUND

This legislation authorizes the Director of Public Service to enter into professional services contracts with 2LMN, Inc. in the amount of up to \$200,000.00 for the Intersection Improvements - Dublin-Granville Road at Ulry Road project.

The intent of this project is to provide the City of Columbus, Division of Design and Construction, additional resources for the widening of Dublin-Granville Road for turn lanes (an eastbound left turn lane and potentially a westbound right turn lane) at the intersection with Ulry Road. Design will proceed in two parts with Part 1 consisting of traffic analysis; topographic, utility, and right-of-way survey; and the preparation of a preliminary alignment plan. The specific scope of services for Part 2 will be defined upon completion of Part 1, but in general Part 2 will consist of the completion of detailed design for the project.

The Department of Public Service, Office of Support Services, solicited Requests for Proposals for the Intersection Improvements - Dublin-Granville Road at Ulry Road contract. The project was formally advertised on the Vendor Services web site from April 20, 2017, to May 11, 2017. The city received eleven (11) responses. All proposals were deemed responsive and were fully evaluated when the Evaluation Committee met on May 22, 2017. The responding firms were:
