Rezoning Application: Z17-002

APPLICANT: Moody Engineering Inc.; c/o Mark Larrimer; 300 Spruce Street, Suite 200; Columbus OH, 43215.

PROPOSED USE: Public library and parking lots.

DEVELOPMENT COMMISSION RECOMMENDATION: Approval (3-0-1) on June 8, 2017.

NEAR EAST AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is partially developed with a parking lot in the P -2, Parking District, and partially undeveloped in the R-2F, Residential District. The requested CPD, Commercial Planned Development District will allow a public library and supporting parking lots. The CPD text commits to a site plan and provides commitments for building and parking setbacks, and buffering and screening. The permitted uses in the CPD text include only those uses in the C-2, Commercial District, I, Institutional District, and parking lots for the proposed uses. Variances to reduce the C-2, Commercial District setback lines, interior landscaping and parking lot screening, parking setback lines, and minimum number of required parking spaces are included in this request. The site is located within the boundaries of the *Near East Area Plan* (2005), which recommends "Lower and Medium Density Residential" land uses for the parcels along Taylor Avenue. Deviation from the Plan's recommendations is justified because the Plan did not anticipate the relocation of the library branch and the institutional use is appropriate for the Long Street mixed-use corridor. Additionally, the development will be adequately screened and buffered from the adjacent residential uses, and includes development standards that ensure compatibility with surrounding residential developments.

To rezone **69 TAYLOR AVENUE (43205)**, being 1.3± acres located at the southwest corner of Taylor Avenue and East Long Street, **From:** P-2, Parking and R-2F, Residential districts, **To:** CPD, Commercial Planned Development District (Rezoning # Z17-002).

WHEREAS, application # Z17-002 is on file with the Department of Building and Zoning Services, requesting rezoning of 1.3± acres from P-2, Parking and R-2F, Residential districts, to CPD, Commercial Planned Development District; and

WHEREAS, the Development Commission recommends approval of said zoning change; and

WHEREAS, the Near East Area Commission recommends approval of said zoning change; and

WHEREAS, the City Departments recommend approval of said zoning change because the requested CPD, Commercial Planned Development District will allow a library and supporting parking lots, which are appropriate for a mixed-use corridor. While the request deviates from recommendations of the *Near East Area Plan* (2005), the proposed institutional use is appropriate for the Long Street corridor, will be adequately screened and buffered from the adjacent residential uses, and includes development standards that ensure compatibility with surrounding residential developments; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That the Official Zoning Map of the City of Columbus, as adopted by Ordinance No. 0179 -03, passed February 24, 2003, and as subsequently amended, is hereby revised by changing the zoning of the property as follows:
