Council Variance Application CV16-049

APPLICANT: Fountech; c/o Jeffrey L. LaValley; 2976 Lazar Road; Grove City, OH 43213.

PROPOSED USE: Contractor's office and storage.

SOUTHWEST AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning (Ordinance # 2254-2017; Z15-035) to the L-M-2, Limited Manufacturing District to allow a contractor's yard and office. The requested variances will conform existing site conditions for a reduced driveway width of twelve feet and a gravel parking surface. Staff is supportive of the request because the existing conditions are consistent with adjacent industrial developments and because the nature of the proposed use does not generate on-site patrons.

To grant a Variance from the provisions of Sections 3312.13(B), Driveway; 33312.39, Striping and marking; and 3312.43, Surface, of the Columbus City Codes; for the property located at **2976 LAZAR ROAD (43213)**, to permit a contractor's yard and office with reduced development standards in the L-M-2, Limited Manufacturing District (Council Variance # CV16-049).

WHEREAS, by application # CV16-049, the owner of property at **2976 LAZAR ROAD (43213)**, is requesting a

Council variance to permit a contractor's yard and office with reduced development standards in the L-M-2, Limited Manufacturing District; and

WHEREAS, Section 3312.13(B), Driveway, requires a driveway width of 20 feet at the street right of way, while the applicant proposes to maintain the existing driveway width of 12 feet; and

WHEREAS, Section 3312.39, Striping and marking, requires parking spaces to be striped, while the applicant proposes a gravel parking area with no striping; and

WHEREAS, Section 3312.43, Surface, requires the surface of any parking area to be an approved hard surface other than gravel or loose fill, while the applicant proposes a gravel parking surface; and

WHEREAS, the Southwest Area Commission recommends approval; and

WHEREAS, City Departments recommend approval of the requested variances for a reduced driveway width and gravel parking surface because these existing conditions are consistent with adjacent industrial developments and because the nature of the proposed use does not generate on-site patrons; and

WHEREAS, said ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **2976 LAZAR ROAD (43213)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1. That variances from the provisions of Sections 3312.13(B), Driveway; 3312.39, Striping and marking; and 3312.43, Surface, of the Columbus City Codes, are hereby granted for the property located at **2976 LAZAR ROAD (43213)**, insofar as said sections prohibit a reduced driveway width from 20 feet to 12 feet; and a gravel parking surface that contains no striping or marking; said property being more particularly described as follows:
