Council Variance Application: CV17-041

APPLICANT: Juliet Bullock; 1182 Wyandotte Road; Columbus, OH 43212.

PROPOSED USE: Two single-unit dwellings on one parcel.

UNIVERSITY AREA COMMISSION RECOMMENDATION: Approval.

HISTORIC RESOURCES COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is developed with a single-unit dwelling zoned in the R-4, Residential District. The requested Council variance will permit the conversion of an existing detached garage into a dwelling unit, resulting in two single-unit dwellings on one lot. Variances for required parking spaces, lot coverage, floor area ratio, area district requirements, fronting, maximum side yard, minimum side yard, and rear yard are included in this request. The site is located within the planning area of the *University District Plan* (2015) which recommends "lower intensity residential" uses for this location. Staff finds the proposal is consistent with the Plan's land use recommendation and will not add incompatible uses to the area. This request is consistent with the recent development pattern in historic urban neighborhoods. Additionally, this site is located in the Indianola Forest Historical District and is subject to design approval from the Historic Resources Commission.

To grant a Variance from the provisions of Sections 3332.039, R-4, Residential District; 3312.49, Minimum numbers of parking spaces required; 3325.801, Maximum Lot Coverage; 3325.805, Maximum Floor Area Ratio (FAR); 3332.15, R-4 Area district requirements; 3332.19, Fronting; 3332.25, Maximum side yards required; 3332.26(C)(1), Minimum side yard permitted; and 3332.27, Rear yard, of the Columbus City Codes; for the property located at **2060 TULLER STREET (43201)**, to permit two single-unit dwellings on one lot with reduced development standards in the R-4, Residential District (Council Variance # CV17-041).

WHEREAS, by application #CV17-041, the owner of the property at **2060 TULLER STREET (43201)**, is requesting a Variance to permit two single-unit dwellings on one lot with reduced development standards in the R-4, Residential District; and

WHEREAS, Section 3332.039, R-4, Residential District, permits a maximum of four units in one building, but does not permit two separate dwellings on one lot, while the applicant proposes two single-unit dwellings on one lot; and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires two parking spaces per dwelling unit for a total requirement of four spaces, while the applicant proposes zero parking spaces; and

WHEREAS, Section 3325.801, Maximum Lot Coverage, requires that a building including any rear or side porch or roofed stairs but excluding any balcony, walkway, deck, front porch, carport or garage, shall cover no more than 25 percent of the lot area, while the applicant proposes to maintain coverage of 63.9 percent of the lot area; and

WHEREAS, Section 3325.805, Maximum Floor Area Ratio (FAR), requires that the maximum total calculated floor area permitted on any lot shall be no greater than that determined by a 0.40 FAR, while the applicant proposes an increased FAR of 0.66; and

WHEREAS, Section 3332.15, R-4 Area district requirements, requires a lot of 5,000 square feet for a single-unit dwelling, while the applicant proposes to maintain an existing single-unit dwelling and develop a second single-unit dwelling on a lot that is approximately 2,112.5± square feet (1,057± square feet per dwelling); and

WHEREAS, Section 3332.19, Fronting, requires a dwelling unit to have frontage on a public street, while the applicant proposes a rear dwelling fronting on a public alley; and

WHEREAS, Section 3332.25, Maximum side yards required, requires the sum of the widths of the side yards to be 20 percent of the lot width, or 6.5 feet, while the applicant proposes to maintain a maximum side yard of 5.9± feet for the existing dwelling; and

WHEREAS, Section 3332.26(C)(1), Minimum side yard permitted, requires a minimum side yard of three feet on a lot width of 40 feet or less, while the applicant proposes to maintain a southern side yard of 1± foot; and

WHEREAS, Section 3332.27, Rear yard, requires a rear yard totaling no less than 25 percent of the total lot area for each dwelling, while the applicant proposes a 4.7 percent rear yard for the western dwelling, and 3.3 percent rear yard for the eastern dwelling; and

WHEREAS, this variance will permit two single-unit dwellings on one lot with reduced development standards in the R-4, Residential District; and

WHEREAS, the University Area Commission recommends approval; and

WHEREAS, the Historic Resources Commission recommends approval; and

WHEREAS, City Departments recommend approval because the requested variance is consistent with the *University District Plan's* recommendation of lower intensity residential land use, and will not add a new or incompatible use to the

area; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **2060 TULLER STREET (43201)**, in using said property as desired; now, therefore:
