Council Variance Application: CV17-050

APPLICANT: Preferred Living; c/o David Hodge, Atty.; Underhill & Hodge, LLC; 8000 Walton Parkway, Suite 260; New Albany, OH 43054.

PROPOSED USE: Multi-unit residential development.

WEST SCIOTO AREA COMMISSION RECOMMENDATION: ~~Disa~~Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning (Ordinance # 3116-2017; Z16-080) to the L-AR-1, Limited Apartment Residential District to allow up to 481 dwelling units. Variances are requested to permit commercial vehicular access through the site which is prohibited in residential districts, and to reduce parking lot landscaping and screening, parking-related standards, setbacks, and perimeter yard. Staff finds the requested variances to be supportable as they will achieve the desired mixed-use, interconnected neighborhood with the adjacent CPD, Commercial Planned Development District, as recommended by the adjoining *Trabue/Roberts Area Plan* (2011). The request will allow a multi-unit residential development with desirable site design elements as they apply to interconnectivity, building orientation, placement of parking, and incorporation of open space that were negotiated with Rezoning Application # Z16-080.

To grant a Variance from the provisions of Sections 3333.02, AR-12, ARLD and AR-1 apartment residential district use; 3312.09, Aisle; 3312.13, Driveway; 3312.21(B)(3), Landscaping and screening; 3312.25, Maneuvering; 3312.27, Parking setback line; 3312.49, Minimum numbers of parking spaces required; and 3333.255, Perimeter yard, of the Columbus City Codes; for the property located at **3241 MCKINLEY AVENUE (43204)**, to permit commercial vehicular access and reduced development standards for a multi-unit residential development in the L-AR-1, Limited Apartment Residential District (Council Variance # CV17-050).

WHEREAS, by application # CV17-050, the owner of property at **3241 MCKINLEY AVENUE (43204)**, is requesting a Council variance to permit a multi-unit residential development with reduced development standards in the L-AR-1, Limited Apartment Residential District; and

WHEREAS, Section 3333.02, AR-12, ARLD and AR-1 apartment residential district use, prohibits vehicular access for commercial uses from being located on residentially zoned property, while the applicant proposes to establish commercial vehicular access to adjacent properties; and

WHEREAS, Section 3312.09, Aisle, requires dimensional standards for aisles that must be met for each property, while the applicant proposes aisles across property lines, subject to the aisle meeting minimum code dimensions, thereby allowing cross access maneuvering, and;

WHEREAS, Section 3312.13, Driveway, requires dimensional standards for driveways that must be met for each property, while the applicant proposes driveways across property lines, subject to the driveways meeting minimum code dimensions, thereby allowing cross access maneuvering, and;

WHEREAS, Section 3312.21(B)(3), Landscaping and screening, requires that screening be provided for parking lots located within 80 feet of residentially zoned property, while the applicant proposes to eliminate the parking lot screening for the internal parcels; and

WHEREAS, Section 3312.25, Maneuvering, requires maneuvering area for parking spaces to be located on-site, while the applicant proposes vehicle maneuvering across property lines, as may be applicable with splitting the property into separate parcels, subject to the maneuvering area meeting minimum code dimensions; and

WHEREAS, Section 3312.27, Parking setback line, requires a minimum 25 foot parking setback line, while the applicant proposes a 7.5 foot parking setback along McKinley Avenue; and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires 1.5 parking spaces per dwelling unit, while the applicant proposes to meet this requirement for the over-all development, but individual lots may not; and

WHEREAS, Section 3333.255, Perimeter yard, requires a minimum perimeter yard of 25 feet, while the applicant proposes no perimeter yard to the north, south, and west of the site to promote shared access to Trabue Road, and no perimeter yard between separate phases of the multi-unit residential development; and

WHEREAS, the West Scioto Area Commission recommends disapproval; and

WHEREAS, the City Departments recommend approval because the requested variances will allow a multi-unit residential development with desirable site design elements and interconnectivity. The proposed development is appropriate as part of a larger mixed-use town center development with the adjacent CPD, Commercial Planned Development District; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **3241 MCKINLEY AVENUE (43204)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
