1. **BACKGROUND:** This legislation authorizes the Director of Public Utilities to modify (Mod #4) an existing construction administration and construction inspection (CA/CI) services contract with Stantec Consulting Services, Inc. The services for this contract include oversight of projects during construction to ensure that work performed by the construction contractor conforms to project plans and specifications. Stantec Consulting Services, Inc. will perform construction administration/inspection services for Division of Sewerage Capital Improvement Projects that commence construction during the years 2017 through 2019. The contract will be modified as needed throughout the three (3) year period to include these projects as they go to construction. Projects are located throughout the City of Columbus.

1.4 How cost of modification was determined:
