APPLICANT: Metro Development LLC; c/o Jill S. Tangeman, Atty.; 52 East Gay Street; Columbus, OH 43215.

PROPOSED USE: Multi-unit residential and extended-stay hotel developments.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning request to the L-AR-12, Limited Apartment Residential and L-C-4, Limited Commercial Districts (Ordinance # 1410-2018; Z18-004) to amend the existing zoning for multi-unit residential and extended-stay hotel developments. The property is currently subject to Ordinance # 0613-2011 (CV10-041) which permits multi-unit residential development without frontage on a public street. Variances are now requested to carry over the frontage variance in the event the L-AR-12 and L-C-4 subareas are split for financing purposes, and to reduce the perimeter yard on the south property line from 25 feet to 10 feet to accommodate a parking expansion. The *Far North Area Plan* (2014) recommends that parking should be hidden to the greatest extent possible by locating it to the rear or side of a building and/or with extensive landscaping. Staff finds the requested variances to be supportable because the site is being designed in a manner that mitigates its impact on nearby residential uses. The proposal also remains consistent with the Plan's recommendation of effectively screening parking, as the existing landscape buffer consisting of mounding and trees will be maintained as installed.

To grant a Variance from the provisions of Sections 3333.16, Fronting; and 3333.255, Perimeter yard; of the Columbus City Codes for property located at **104 LAURISTON LANE (43235)**, to permit reduced development standards for an existing multi-unit residential development and an extended-stay hotel development in the L-AR-12, Limited Apartment Residential District and L-C-4, Limited Commercial District, respectively, and to repeal Ordinance # 0613-2011, passed

May 16, 2011 (Council Variance # CV18-003).

WHEREAS, by application # CV18-003, the owner of property at **104 LAURISTON LANE (43235)**, is requesting a Council variance to permit reduced development standards for an existing multi-unit residential development and an extended-stay hotel development in the L-AR-12, Limited Apartment Residential District and L-C-4, Limited Commercial District, respectively; and

WHEREAS, Section 3333.16, Fronting, requires each dwelling to front on a public street, while the applicant requests to allow a multi-unit residential development without frontage on a public street in the event the L-AR-12 and L-C-4 subareas are split for financing purposes; and

WHEREAS, Section 3333.255, Perimeter yard, requires a minimum perimeter yard of 25 feet for multi-unit residential developments and extended-stay hotel developments that are adjacent to residentially-zoned property, while the applicant proposes to maintain a reduced perimeter yard on the south property line of 10 feet; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

WHEREAS, the City Departments recommend approval because the variances will cause no negative impact on the surrounding properties, while achieving design principles proposed within the *Far North Area Plan* including hiding parking to the greatest extent possible by locating it to the rear or side of a building and/or with extensive landscaping; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent property, unreasonably increase the congestion of public streets, increase the danger of fires, endanger the public safety, unreasonably diminish or impair established property values within the surrounding area, or in any other respect impair the public health, safety, comfort, morals, or welfare of the inhabitants of the city; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owner of the property located at **104 LAURISTON LANE (43235)**, in using said property as desired; and
