1. BACKGROUND

This legislation authorizes the Director of Public Service to modify a professional services contract with Burgess & Niple, Inc. to add additional funds for design of the Traffic Signal Installation - Downtown Signals project.

Ordinance 2358-2013 authorized the Director of Public Service to enter into a professional services contract with Burgess & Niple, Inc. for the Traffic Signal Installation - Downtown Signals project. This ordinance authorizes the Director of Public Service to modify the contract in the amount of \$19,690.70.

This is a planned modification that is necessary to add additional funding to the project and also add to the scope. This is based on OPWC required meetings for applications for outside funding and scope modifications to address changes to the designs that that are required by outside agencies and that will reduce the overall cost of the project. It was deemed to be more cost efficient to modify the existing contract than to advertise this part of the work.

The original contract amount:	\$500,000.00	(EL015004, Ord. 2358-2013)
The total of Modification No. 1:	<u>\$19,690.70</u>	<u>(This Ordinance)</u>

The contract amount including all modifications: \$519,690.70
