This ordinance is to authorize the Director of the Recreation and Parks Department to enter into contract with Builderscape, Inc. for the construction of improvements at Harrison Smith Park.

**Background:** Harrison Smith Park is a 20 acre neighborhood park that features a loop path, open shelter, playground, outdoor fitness station, and a beautiful wooded wetland. However, the park's low lying topography renders several of these amenities seasonally unusable. This project will provide improvements to the park to address drainage issues and increase functionality. Improvements include a 5,000 SF bio-retention basin featuring native plants that will absorb and treat stormwater runoff, installation of a wetland observation platform, repair and replacement of asphalt paths, replacement of parking lot pavement, and new site furnishings.

Total cost for the project will not exceed \$165,713.

There was no quorum during the July Recreation and Parks Commission Meeting. Per the present Commissioners this ordinance was requested to be sent thru the legislation approval process in order to avoid a delay with this project. There is August recess for Commission and Council.

Bids were advertised through Vendor Services, in accordance with City Code Section 329, on June 1, 2018 and received by the Recreation and Parks Department on June 19, 2018.

| <u>Company</u>     | <u>Status</u> | <u>Amount</u> |
|--------------------|---------------|---------------|
| Builderscape, Inc. | MAJ           | \$150,713.00  |

After reviewing the proposals that were submitted, it was determine that Builderscape, Inc. was the lowest and most responsive bidder. Even though there was only one bidder on the project, the bid was consistent with anticipated costs

based on internally produced project cost estimates.

Builderscape, Inc, and all proposed subcontractors have met code requirements with respect to prequalification, pursuant to relevant sections of Columbus City Code Chapter 329.

**Emergency Justification:** An emergency is being requested in order to allow the plantings to be installed in time for a proper establishment period prior to the risk of frost in the fall.

**Benefits to the Public:** This project will benefit the community by repairing and replacing several amenities that will allow the park to better serve the recreational needs of the community throughout the year. It will also beautify the park and provide ecological benefits by providing a naturalized planting area and access to the existing wooded wetland.

**Community Input/Issues:** This project was initiated by community members that were concerned with the existing condition of the park. A park master plan was developed based on comments received and was shared with the Northeast Area Commission in June of 2017. The Area Commission supported the master plan and also provided additional input. A final list of park improvements was shared with the Area Commission in June of 2018.

**Area(s) Affected:** Northeast Area (12)

**Master Plan Relation:** This project will support the mission of the Recreation and Parks Master Plan by improving a minimum of five neighborhood parks per year and preserving a dedicated percentage of park area in a natural state to increase wildlife habitat and reduce maintenance costs.

**Fiscal Impact:** \$165,713.00 is budgeted and available in the Recreation and Parks Voted Bond Fund 7702 to meet the financial obligations of this contract.

To authorize the Director of the Recreation and Parks Department to enter into contract with Builderscape, Inc. for the construction of improvements at Harrison Smith Park; to authorize the transfer of \$165,713.00 between projects within the Recreation and Parks Bond Fund; to amend 2018 Capital Improvements Budget; to authorize the expenditure of \$165,713.00 from the Recreation and Parks Voted Bond Fund; and to declare an emergency.
