This ordinance is to authorize the Director of the Recreation and Parks Department to enter into a contract Columbus Asphalt Paving for construction of the Alum Creek Trail---Shepard Connector project on the city's near east side.

Background: The Shepard Connector to the Alum Creek Trail will build a 0.6 mile direct connection to the regional trail from Leonard Avenue to 5th Avenue/Nelson Road. The project would be built along an abandoned rail corridor owned by Recreation and Parks between Leonard Avenue and the Alum Creek Trail at Hayden Park.

In October of 2015, the 22 mile Alum Creek Trail was completed, and has become popular with families, fitness walkers, and cyclists. Although this regional trail passes directly by the Shepard and St. Mary's neighborhoods in the central city, there are no hard connections yet. This project provides local residents with two direct connections to the trail and the expanding regional trail network.

Of the \$815,081.00 needed for the CRPD portion of construction, there is a Clean Ohio Grant that provides \$248,462.00 of the necessary funding.

There was no quorum during the July Recreation and Parks Commission Meeting. Per the present Commissioners this ordinance was requested to be sent thru the legislation approval process in order to avoid a delay with this project. There is August recess for Commission and Council.

Bids were advertised through Vendor Services, in accordance with City Code Section 329, on and received by the Recreation and Parks Department on June 20, 2018.

Emergency Justification: An emergency is being requested so that Recreation and Parks Department can meet the deadline of the project grant funding as required by the State of Ohio.

Benefits to the Public: The Shepard community and near north east side of the city has been engaged in developing the grant application and project outcomes. Cycling, walking, running, and active trail uses provide highly recognized year-round benefits to urban lifestyles. Access to trails and to key destinations is one of the top rated priorities noted by residents. This project addresses a consistent public request that direct neighborhood connections be built to provide safe, easy connectivity to cycling and walking opportunities.

Community Input/Issues: Several community stakeholder meetings were held. (Shepard Community Association, YWCA, Northeast Area Commission, Columbus Public Library, etc)

Area(s) Affected:

Shepard and St. Mary's neighborhoods
Planning Area: 14

Master Plan Relation: This project will support the mission of the Recreation and Parks Master Plan by improving access to trails and greenways corridors. Provide safe east/west connections for nearby neighborhoods to the regional trail network.

Fiscal Impact: Ordinance 1581-2017 authorized the acceptance and appropriation of a grant, in the amount of \$248,462.00, and a grant match, in the amount of \$152,984.00, for this project. This ordinance will authorize additional grant match funds from the Recreation and Parks Voted Bond Fund, in the amount of \$413,635.00. The additional matching funds will create a new total of \$815,081.00 in Recreation and Parks funding for this project. \$815,081.00 is budgeted and available in the Recreation and Parks Grant Fund 2283 and Voted Bond Fund 7702 to meet the financial obligations of Recreation and Parks funded portion of this contract.

In addition to the Recreation and Parks totals mentioned above, the Department of Public Service is contributing \$222,662.95 towards this project. \$222,662.95 is budgeted and available in the Streets and Highways Bond Fund 7704 to meet the financial obligations of the Department of Public Service portion of this contract.

Between both departments, there is a total of \$1,037,743.95 available for this project.
