Council Variance Application: CV18-026

APPLICANT: Al-Huda Islamic Center; c/o Jeanne Cabral, Architect; 2939 Bexley Park Road; Columbus, OH 43209.

PROPOSED USE: Religious facility and community center.

CITY DEPARTMENTS' RECOMMENDATION: Approval. This 2.48+/- acres site is zoned in the M-1, Manufacturing District, and is developed with a 5,047 square foot office/warehouse building. The applicant requests a Council variance to permit a religious facility and community center. The request includes variances to reduce the minimum number of required parking spaces from 77 spaces to 65 spaces and also to conform the existing zero building setback from the south property line. The site is within the boundaries of the *Hamilton Road Corridor / Eastland Area Revitalization Plan* (2007), which recommends "conservation" uses at this location. While conservation of the area is recommended due to the adjacent floodplain, staff recognizes that the site is presently developed and supports the reuse of an existing building.

To grant a Variance from the provisions of Sections 3365.01, M-1, Manufacturing uses; 3312.49, Minimum numbers of parking spaces required; and 3365.21(b)(2), Height and area regulations, of the Columbus City Codes; for the property located at **2100 COURTRIGHT ROAD (43232)**, to permit a religious facility and community center with reduced development standards in the M-1, Manufacturing District (Council Variance # CV18-026).

WHEREAS, by application # CV18-026, the owner of property at **2100 COURTRIGHT ROAD (43232)**, is requesting a Council Variance to permit a religious facility and community center in an existing building with reduced development standards in the M-1, Manufacturing District; and

WHEREAS, Section 3365.01, M-1, Manufacturing District, does not permit religious facilities and community centers, while the applicant proposes to use an existing 5,047 square foot building in the M-1, Manufacturing District for religious services and a community center; and

WHEREAS, Section 3312.49, Minimum numbers of parking spaces required, requires one (1) parking space for every 30 square feet of sanctuary or auditorium space for churches, or 64 spaces for a 1,900± square-foot sanctuary; one (1) parking space for every 250 square feet of accessory non-assembly area, or 13 spaces for 3,147 square feet; for a total parking requirement of 77 spaces, while the applicant proposes to provide 65 parking spaces; and

WHEREAS, Section 3365.21, Height and area regulations, requires a minimum 25 foot side yard in the M-1, Manufacturing District for contiguous industrial lots while the applicant proposes to conform the existing zero foot side yard setback along the south property line for the existing building; and

WHEREAS, City Departments recommend approval nothing that the site is presently developed and that a religious facility and community center is an appropriate adaptive reuse for the building; and

WHEREAS, said ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owner of the property located at **2100 COURTRIGHT ROAD (43232)**, in using said property as desired; now, therefore:
