BACKGROUND: This legislation authorizes the Director of Public Utilities to enter into a construction contract with Spiniello Companies for the Alum Creek Trunk (Middle) Rehabilitation project, Phase B, CIP 650725-100015. The work for this project consists of cementitious lining and internal spot repairs of reinforced concrete pipe and other such work as may be necessary to complete the contract in accordance with the drawings, technical specifications, and City of Columbus Construction and Material Specifications as set forth in this Invitation for Bid (IFB).

This project has been approved for below market-rate loan financing through the Ohio Environmental Protection Agency's Water Pollution Control Loan Fund (WPCLF) which is administered by the Ohio Water Development Authority (OWDA). Ordinance 2778-2017, passed December 4, 2017, authorizes the Director of Public Utilities to enter into a WPCLF Loan for the project. The project's assigned WPCLF Number is CS390274-0188. Upon the loan award, which is expected on August 30, 2018, an OWDA Loan Account number will be assigned.

PROCUREMENT: The Division advertised for competitive bids for the subject project on the City's Vendor Services website and in the City Bulletin in accordance with the overall provisions of Section 329 of the Columbus City Code. The Division of Sewerage and Drainage received three (3) bids on June 6, 2018 from the following companies:

Coastal Gunit Construction Company was deemed non-responsive because they were not Construction Prequalified at the time of the bid opening. The remaining bids were reviewed and ranked utilizing the Bid Tab and Quality Factor Form (QFF) process. PROJECT TIMELINE: All work shall be substantially complete within 365 calendar days of the Notice to Proceed.
