BACKGROUND: The Council of the City of Columbus previously passed a resolution approving a petition for the addition or certain real property to the Columbus Regional Energy Special Improvement District (the “District”) and a supplemental plan for special energy improvement projects to be constructed upon such parcels once added to the District. Pursuant to that resolution, the real property has been added to the District. The supplemental plan previously approved by the Council provides that special assessments levied by the Council pursuant to Chapters 727 and 1710 of the Ohio Revised Code be used to pay the costs of “special energy improvement projects,” as that term is defined in Section 1710.01 of the Ohio Revised Code, to be constructed pursuant to the supplemental plan.

The Council, by resolution, has further determined the necessity of proceeding to levy special assessments for the purposes set forth in the supplemental plans. The Council, by ordinance, has further determined to proceed with the levying of the special assessments pursuant to Chapters 727 and 1710 of the Ohio Revised Code, and pursuant to the Charter of the City of Columbus.

This legislation is to levy such special assessments, all pursuant to Chapters 727 and 1710 of the Ohio Revised Code, and pursuant to the Charter of the City of Columbus. This legislation also authorizes and approves an Energy Project Cooperative Agreement and a Special Assessment Agreement facilitating the provision of the special energy improvement projects.

Emergency action is requested on this legislation to allow the special assessment process to proceed in a timely manner and allow financing for the special energy improvement projects to be obtained by the District.

FISCAL IMPACT: No funding is required for this legislation.

WHEREAS, this Council (the “Council”) of the City duly passed a resolution on October 15, 2018 (the “Resolution of Necessity”), which approved the Petition and added the Owner’s property, subject to the Petition, to the Columbus Regional Energy Special Improvement District (the “District”) and declared the necessity of acquiring, installing, equipping, and improving energy efficiency improvements, including, without limitation, high-efficiency roofing, walls, windows, and other related building envelope improvements, elevators, and related improvements (the “Project”), as described in the Resolution of Necessity and as set forth in the Petition requesting those improvements; and

WHEREAS, this Council duly adopted an ordinance on October 15, 2018 and determined to proceed with the Project and adopted the estimated Special Assessments (as defined in the Resolution of Necessity) filed with the Development Director or the Development Director’s designee pursuant to the Resolution of Necessity; and

WHEREAS, the City intends to enter into an Energy Project Cooperative Agreement (the “Energy Project Cooperative Agreement”) with the District, the Owner, and Greenworks Lending LLC (the “Investor”) to provide for, among other things, (i) the making of the Project Advance (as defined in the Energy Project Cooperative Agreement) to pay costs of the Project, a form of which is attached to and incorporated into this Ordinance as **Exhibit A**, (ii) the disbursement of the Project Advance for the acquisition, installation, equipment, and improvement of the Project and the transfer of the Special Assessments by the City to the Investor to pay principal and interest and other costs relating to the Project Advance; and
