1. BACKGROUND

This legislation authorizes the Director of Public Service to enter into professional services contracts with CHA Consulting in the amount of up to \$480,000.00 for the Roadway Improvements - Short Street - Liberty Street to Sycamore Street project.

The intent of this project is to provide the City of Columbus, Department of Public Service, additional resources to perform a detailed design for improvements to Short Street from the existing western terminus of Sycamore Street to a point approximately 665 feet south of Liberty Street. The project will connect the existing Short Street to Sycamore Street on a curved alignment, reconstructing Short Street from the new alignment to the Liberty Street intersection. Improvements are anticipated to include pervious paver pavement, curbs, sidewalks, and a shared use path.

The Department of Public Service, Office of Support Services, solicited Requests for Proposals for the Roadway Improvements - Short Street - Liberty Street to Sycamore Street contract. The project was formally advertised on the Vendor Services web site from May 24, 2018, to June 21, 2018. The City received seven responses. All proposals were deemed responsive and were fully evaluated when the Evaluation Committee met on June 28, 2018. The responding firms were:
