This ordinance is to authorize the Director of the Recreation and Parks Department to sign the LPA Federal Local-Let Project Agreement with the Ohio Department of Transportation to construct an extension to the Olentangy Trail, from Worthington Hills Park to Olentangy River Road at Clubhouse Drive. The project includes building a 10' wide path from the park along the Olentangy River to the intersection of Olentangy River Road and Clubhouse Drive. The LPA Agreement details the responsibilities of Recreation and Parks (LPA) to bid, award, and administer the project. **ODOT Project ID 99533.**

Background: This ordinance authorizes the Director of the Recreation and Parks Department to sign the LPA Federal Local-Let Project Agreement with the Ohio Department of Transportation to construct an extension to the Olentangy Trail and provide trailhead improvements for the public at Worthington Hills Park. **ODOT Project ID 99533.**

In 2015, the Department received funding assistance from ODOT to extend the Olentangy Trail 0.25 miles from its current northern end at Worthington Hills Park, to the intersection of Olentangy River Road/315 and Clubhouse Drive. The funding assistance was provided as environmental mitigation due to the closure of the Olentangy Trail for 2 years as part of the I-270 State route 315 interchange reconstruction project.

This is one of the region's busiest trail access points, with an average of over 150,000 uses per year. The extension will directly connect to a redeveloping retail center and provide improved access to Columbus residents, visitors, local employers, and the Worthington Hills surrounding community.

The construction phase of the project will begin in 2019.

Benefits to the Public: Cycling, walking, running, and active trail uses provide highly recognized year-round benefits to urban lifestyles. Access to trails and to key destinations is one of the top rated priorities noted by residents.

Community Input/Issues: The department conducted extensive public involvement during plan development with local community groups, public open house, environmental organizations, and social media outreach to trail users around the region.

Master Plan Relation: This project will support the mission of the Recreation and Parks Master Plan by improving access to trails and greenways corridors. Provide a safer trail through a congested segment.

Fiscal Impact: No fiscal action is required at this time. Future legislation will encumber funding for this project once bids are received.
