This ordinance authorizes the Director of Public Utilities to modify and increase contract #EL011028 with Ohio Power Company dba American Electric Power (AEP) to provide funding for the payment of 2019 pole attachment rental fees for the Division of Power, in accordance with an existing agreement for the Joint Use of Poles (the "Agreement") executed by the city and Columbus Southern Power dba AEP. Columbus consented to the assignment of the Agreement by Columbus Southern Power to Ohio Power Company through the passage of ORD #0317-2014.

The City of Columbus, Division of Power, and Ohio Power Company dba American Electric Power (AEP) own and operate electric transmission and distribution system facilities throughout Franklin County. Each party owns certain poles which have equipment owned by the other party attached to such poles. The Agreement provides the terms, conditions and rates to be paid for the joint use of poles. Per the terms of the Agreement, an inventory of jointly used poles was conducted in 2012. The Agreement provides that, in the event a pole inventory discloses any attachments that were not previously authorized by the pole owner, the attaching party is to pay annual charges for the attachments for a period of five (5) years or the period from the date of the last inventory, whichever is less, plus interest, at the current Interest Rate.

A pending invoice from AEP for annual rental fees in the amount of \$162,240.00 for the period of January 1, 2019 through December 31, 2019 must be paid.

For annual rental fees going forward, the contract modification provides that funds will be approved annually by ordinance of City Council.

This Ordinance is being submitted in accordance with the relevant provisions of Chapter 329 of City Code pertaining to contract modifications.

SUPPLIER: Ohio Power Company dba American Electric Power (AEP), DAX Vendor #006032, EIN #31-4271000,

Expires February 6, 2021.

Ohio Power Company dba American Electric Power (AEP) does not hold MBE / FBE status.

The company is not debarred according to the Excluded Party Listing System of the Federal Government or prohibited from being awarded a contract according to the Auditor of State Unresolved Findings for Recovery Certified Search.

1. Amount of additional funds: The total amount of additional funds needed for this contract modification #10 is ADD \$162,240.00. Total contract amount including this modification is \$1,812,744.57.
2. Reason additional funds were not foreseen: The need for additional funds was known at the time of the initial contract. This legislation authorizes an increase in the amount of the contract to cover the payment of rental fees for 2019.
3. Reason other procurement processes were not used: This modification is a continuation of the original contract for the payment of rental fees for the joint use of poles owned by AEP.
4. How cost was determined: The modification is based upon a set annual attachment rental fee charged for each pole attachment, for 2019, and any arrearage charges for attachments added during 2018.

FISCAL IMPACT: \$162,240.00 is needed for this expense. \$157,370.00 was budgeted. Funds within the 2019 Operating Budget will be reprioritized to cover the additional annual attachment fee arrearage expense due to more attachments being added than anticipated during 2018, resulting in the budget shortfall for 2019.

\$158,370.00 was spent in 2018

\$154,500.00 was spent in 2017

EMERGENCY DESIGNATION: Emergency action is requested in order to process payment of the 2019 rental fees, and the 2018 arrearage of annual attachment fees for those attachments added during 2018, in a timely manner.
