1. BACKGROUND

This ordinance authorizes the Columbus Partnership, a non-profit consultant of the Paul G. Allen Philanthropies Vulcan grant for the Smart City Program, to enter into a second planned contract modification with Navigant relative to the implementation of the Logic Model Research.

In 2016, the City of Columbus pursued and won the Vulcan grant from the Paul G. Allen Philanthropies with the goal of laying a practical path to replacing carbon-based fuel consumption through critical system improvements that increase safety, reduce carbon emissions, and enhance mobility.

The grant agreement with the Paul G. Allen Philanthropies allows the use of not-for-profit consultants. To that end, the city's Chief Innovation Officer, through Ordinance 1279-2018 approved by Council on 6/4/18, requested to make the Columbus Partnership a not-for-profit consultant to lead initiatives aimed at encouraging electric vehicle adoption by individuals, public entities, and private employers and increasing charging infrastructure locally. The Columbus Partnership previously engaged Navigant to provide technical expertise and to perform various professional services related to the deployment of the Logic Model Research, which will develop a measurement framework to assess the impact of Consumer Adoption interventions to the final purchase goals and overall consumer consideration levels.

The intent of this second planned contract modification is to provide for the continuation of various professional services necessary to the successful development and implementation of the Logic Model Research. Navigant shall continue to be readily available to perform such tasks when requested by the Columbus Partnership. Services on request and detailed scopes for individual deployment projects will be developed as requested and work will be authorized as individual scopes are developed.

2. CONTRACT COMPLIANCE

The contract compliance number for Navigant is CC023190, which expires October 4, 2019.

3. FISCAL IMPACT

There is no immediate fiscal impact to the City. ACPO003882 was established per Ordinance 0045-2019 to allow payment of project costs to the Columbus Partnership within Fund 7768 Smart City Private Grant Fund. If the Columbus Partnership should seek payment for these costs, payment would be done through the Auditor's Certificate previously established.

4. EMERGENCY DESIGNATION

Emergency action is requested to provide for the timely execution of the contract so the deliverables required by the Paul G. Allen Philanthropies grant award can be met, avoiding delays which could jeopardize future funding of the Vulcan project.
