### 1. BACKGROUND

The City of Columbus, Department of Public Service, is currently engaged in a project identified as Arterial Street Rehabilitation - Morse Road Phase 1 - Seward Street to Stygler Road project. This project will construct improvements to the Morse Road corridor between Seward Street and Stygler Road. This is Phase 1 of the Morse Road corridor project between Stelzer Road and Stygler Road. Improvements will consist of widening Morse Road to three lanes eastbound from I-270 to Stygler Road and three lanes westbound from the I-270 to the Water Plant Driveway located approximately 1,300 feet west of Stygler Road, upgrading the signage, modifying the existing signal operation at the intersection of Morse Road and Appian Way, installing a new traffic signal at the intersection of Morse Road and Limited Parkway, adding dual left turn lane movements on westbound Morse Road at the southbound I-270 Ramps intersection, providing "protected-only" left turn signal phasing, and installing a raised median at the driveways just west of Appian Way.

During design of the Arterial Street Rehabilitation - Morse Rd Phase 1 - Seward Street to Stygler Road project, it was determined a portion of real property owned by the City of Columbus known as 4262 Morse Road, Franklin County Parcel Number 600-150029, would need to be dedicated as right-of-way for roadway purposes to accommodate the improvements contemplated by this project. Current plans indicate Parcel 1-WD, a 2.847 acre tract of which 1.683 acre is located within the road right-of-way, will need to be dedicated as road right-of-way and named as Morse Road. After review of the preliminary plan sheets, the Department of Public Service has determined the dedication of this property to right-of-way will not adversely affect the City and should be allowed to proceed.

The following legislation permits the City to dedicate the property as road right-of-way and name the road right-of-way as Morse Road.

### 2. FISCAL IMPACT

Not applicable. The City will not need to expend funds for this transaction.

### 3. EMERGENCY DESIGNATION

Emergency action is requested so that construction of the proposed improvements for the Arterial Street Rehabilitation -

Morse Rd Ph 1 - Seward St to Stygler Rd project can proceed without delay.

To dedicate a tract of land owned by the City, known as 4262 Morse Road, as public right-of-way for the Arterial Street Rehabilitation - Morse Rd Phase 1 - Seward Street to Stygler Road project; to name said public right-of-way as Morse Road; and to declare an emergency. (\$0.00)

**WHEREAS**, Ohio Revised Code Chapter 723.03 requires that property to be used as a public street or alley must be accepted and dedicated as public right-of-way by an ordinance specially passed for such purpose; and

**WHEREAS**, current plans indicate City owned land totaling 2.847 acres will need to be dedicated to right-of-way for this purpose; and

**WHEREAS**, the City desires to dedicate a 2.847 acre tract, as public right-of-way; and

**WHEREAS**, an emergency exists in the usual daily operation of the City in that it is immediately necessary to dedicate a 2.847 acre tract as public right-of-way and to name the 2.847 acre tract as Morse Road to prevent delays in the Arterial Street Rehabilitation-Morse Rd Phase 1 - Seward Street to Stygler Road project, thereby preserving the public health, peace, property, safety and welfare; **now, therefore**

**BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:**

**SECTION 1.** That the City of Columbus hereby dedicates the following described property as road right-of-way; to-wit:

**PARCEL 1-WD

Subject, however, to all legal rights-of-way and/or easements, if any, of previous record.

Iron pins set, where indicated, are iron pipes, thirteen sixteenths (13/16) inch inside diameter, thirty (30) inches long with a plastic plug placed in the top bearing the initials EMHT INC.

The Bearings shown hereon are based on the Ohio State Plane Coordinate System South Zone as per NAD83 (NSRS2007). Said bearings originated from a field traverse which was tied (referenced) to said coordinate system by GPS observations and observations of selected Franklin County Engineering Department monuments CLARKAZIMUTH and CLARK19281982. The portion of the centerline of Morse Road, having a bearing of South 86° 10' 51" East, and monumented as shown hereon, is designated the "basis of bearing" for this survey.

This description was prepared using documents of record, prior plats of survey, and observed evidence located by an actual field survey in 2018.
