BACKGROUND: This legislation authorizes the Director of Public Utilities to enter into a professional consulting service agreement to develop and assist in the Sustainable Columbus Climate Action Plan with Arup USA, Inc. for the Department of Public Utilities, Department of Finance and Management, Department of Public Service, Department of Public Safety, Department of Development, Department of Public Health, Department of Building and Zoning, Department of Technology, Recreation and Parks Department, and other City Departments as needed.

The City of Columbus is committed to taking steps to mitigate and adapt to our community's changing climate. The changing climate poses risks to resident health and is expected to have a negative impact on the local economy, if steps are not taken to mitigate these harmful effects.

From 1951-2012, the annual average temperatures in Columbus warmed by 2.3 degrees F, faster than national and global rates. As our climate continues to change, Columbus can expect temperatures to further rise and precipitation to increase. To combat these changes, the City is working to reduce municipal greenhouse gas (GHG) emissions.

In June 2017, Mayor Ginther recommitted the City to the Global Covenant of Mayors and as part of that commitment, the City will adopt a Climate Adaptation Plan that is focused on mitigation strategies to reduce GHG emissions from municipal and community sources.

Arup USA, Inc. will assist the Department of Public Utilities, Department of Finance and Management, Department of Public Service, Department of Public Safety, Department of Development, Department of Public Health, Department of Building and Zoning, Department of Technology, Recreation and Parks Department, and other City Departments in the

development of a Climate Action Plan that is technically feasible and economically reasonable to mitigate GHG emissions.

This legislation also authorizes the transfer of \$60,000 between Object Classes within the General Fund from Division 4501 - Financial Management - City Wide account to Division 4550 - Office of the Finance Director to provide the funds necessary for the Department of Finance and Management's portion of the expenditures.

SUPPLIER: Arup USA, Inc. (06-1539147, DAX#012606) expires 04/02/2020 (MAJ)
The company is not debarred according to the Excluded Party Listing System of the Federal Government.

FISCAL IMPACT: Funding has been identified within the Department of Public Utilities in the amount of \$60,000; and within the Department of Public Service in the amount of \$60,000 for these expenditures. There is a need to transfer \$60,000 within the General Fund for the Department of Finance and Management's portion for these expenditures.

EMERGENCY DESIGNATION: This ordinance is being submitted as an emergency in order to align budget authority with projected expenditures and to allow the work being performed under this contract to begin without delay.
