Rezoning Application: Z19-002

APPLICANT: The Pines at Tuttle Crossing Limited Partnership, et al.; c/o R. Brian Newcomb, Atty.; 141 East Town Street; Columbus, OH 43215.

PROPOSED USE: Multi-unit residential development.

DEVELOPMENT COMMISSION RECOMMENDATION: Approval (5-0) on May 9, 2019.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site consists of three parcels developed with a multi-unit residential development in the L-AR-12 & L-ARLD, Limited Apartment Residential districts. The applicant proposes the L-AR-1, Limited Apartment Residential District to permit the development of up to 231 additional units to the existing apartment complex. The site is within the planning area of the *Interim Hayden Run Corridor Plan* (2004), which recommends “existing multi-family” at this location. Additionally, this site is within a Planning area that adopted the *Columbus Citywide Planning Policies (C2P2) Design Guidelines* (2018). The proposed limitation text establishes development standards that address setbacks, density, access, parking, buffering and screening, building materials, and lighting; and commits to site plans and building elevations. A concurrent Council variance (Ordinance #1563-2019; CV19-003) has been filed to allow parking in the perimeter yard and to maintain no frontage for one of the parcels. The proposal is consistent with the land use recommendations of the *Interim Hayden Run Corridor Plan* and the *Columbus Citywide Planning Policies (C2P2) Design Guidelines* and compatible with the surrounding multi-unit residential developments.

To rezone **5303 WILCOX RD (43016)**, being 40± acres located on the west side of Wilcox Road, 920± feet south of

Tuttle Crossing Boulevard, **From:** L-AR-12 & L-ARLD, Limited Apartment Residential districts, **To:** L-AR-1, Limited Apartment Residential District (Rezoning #Z19-002).

WHEREAS, application #Z19-002 is on file with the Department of Building and Zoning Services requesting rezoning of 40± acres from L-AR-12 & L-ARLD, Limited Apartment Residential districts, to L-AR-1, Limited Apartment Residential District; and

WHEREAS, the Development Commission recommends approval of said zoning change; and

WHEREAS, the City Departments recommend approval of said zoning change because the proposed L-AR-1, Limited Apartment Residential district is consistent with the land use recommendations of the *Interim Hayden Run Corridor Plan* and the *Columbus Citywide Planning Policies (C2P2)* Design Guidelines and compatible with the surrounding multi-unit residential developments; now, therefore:

However, the applicants feel that the acreage for the community can easily support additional apartment units, which will be added through the conversion on largely unused garage buildings into apartment unit buildings, adding apartment units to open spaces, and converting select garages at the end of buildings into apartment units. The applicant is seeking a rezoning of the property to permit an increased density with up to a total of 825 apartment units for the entire property site, dividing the additional units across the existing 3 phases.

2. PERMITTED USES: Those uses permitted in Section 3333.02, AR-1 of the Columbus City Code.

3. DEVELOPMENT STANDARDS: Unless otherwise indicated the applicable development standards are contained in Chapter 3333 of the Columbus City Code.

2. Pines I and II shall only contain 1 and 2-story buildings. Pines III shall be permitted to add 1, 2, and 3-story buildings.
3. The maximum density for Pines I will be 20 units per acre for a total of 429 units; the maximum density for Pines II will be 20 units per acre for a total of 243 units; and the maximum density for Pines III will be 24 units per acre for a total of 153 units.

The subject property currently contains 1,339 parking spaces, including spaces located directly in front of garages serving individual units (Pines I contains 675 parking spaces, Pines II contains 421 parking spaces, and Pines III contains 243 parking spaces). The applicant is submitting a Council Variance Application simultaneously with this Rezoning Application in order to encroach into the setback to add approximately 27 parking spaces on the North end of the Phase III parcel (parcel No. 010-255885-00).

3. A shared-use path will be constructed along the Wilcox Road frontage area.
4. 40 bicycle parking spaces will be constructed throughout the subject property.

The buildings added or modified shall be of similar design to those already comprising the subject property. Design and elevation may be modified slightly to reflect final architectural detailing. The general building elevations and materials, however, shall reasonably conform to the existing building elevations and materials. Elevations for the proposed improvements are attached hereto.

E. Lighting, Outdoor Display Areas and/or other Environmental Commitments.

1. Light fixtures shall not exceed 14 feet in height.
2. All external outdoor lighting fixtures to be used shall be from the same or similar manufacturer's type to insure compatibility.
