This ordinance authorizes the Director of the Recreation and Parks Department to enter into contract with Columbus Asphalt Paving Inc. for the construction of the Olentangy Trail-Worthington Hills Extension to extend the Olentangy Trail from Worthington Hills Park to Clubview Boulevard.

Background: This project will provide a 0.25 mile extension of the Olentangy Trail from Worthington Hills Park to Olentangy River Road at Clubview Boulevard. The project includes a 10' wide path from the park, passing along the Olentangy River, with direct access to a major retail center and office complexes. Over 2,000 residents and employees are close to this regional trail, yet have no safe biking or walking access.

In 2015, the Department received funding assistance from ODOT to extend the Olentangy Trail. The funding assistance was provided as environmental mitigation due to the closure of the Olentangy Trail for 2 years as part of the I-270 State route 315 interchange reconstruction project. The **ODOT Project ID is 99533**.

This is one of the region's busiest trail access points, with an average of over 150,000 uses per year. The extension will directly connect to a redeveloping retail center and provide improved access to Columbus residents, visitors, local employers, and the Worthington Hills surrounding community.

Bids were advertised through Vendor Services, in accordance with City Code Section 329, on April 19, 2019 and received by the Recreation and Parks Department on May 14, 2019. Bids were received from the following companies:
