Council Variance Application: CV19-059

APPLICANT: Ohio Community Development Finance Fund; c/o Dave Perry, Agent; David Perry Company, Inc.; 411 East Town Street, First Floor; Columbus, OH 43215, and Jeff Mohrman, Atty.; Ohio Community Development; 175 South Third Street, Suite 1200; Columbus, OH 43215.

PROPOSED USE: Multi-unit residential development and fitness facility.

FRANKLINTON AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site consists of four undeveloped parcels zoned in the C-4, Commercial District. The applicant requests a Council variance to permit the construction of a multi-unit residential development with ground floor residential uses and a commercial fitness facility. A Council variance is necessary to permit residential uses on the first floor, where they are currently only allowed within commercial districts when above certain commercial uses. Also included in the request are variances for increased building height, reduced parking space size, a reduction in the required number of parking spaces from 67 spaces to 42, and reduced building setbacks. The site is within the planning area of the *West Franklinton Plan* (2014), which recommends "Regional Mixed Use" at this location. Additionally, this site is subject to the *Columbus Citywide Planning Policies* (C2P2) Design Guidelines. Staff supports the proposal as the use and density are consistent with the Plan and the proposed height is compatible with surrounding properties and the general pattern of development in adjacent areas. Although staff generally

supports mixed-use proposals when consistent with area plan land use recommendations, it would be staff's preference that this property be zoned to an apartment residential district that reflects the predominant land use, with a concurrent Council variance for the ancillary commercial use and the necessary standards variances.

To grant a Variance from the provisions of Sections 3356.03, C-4 Permitted uses; 3309.14, Height districts; 3312.29, Parking space; 3312.49, Minimum numbers of parking spaces required; and 3356.11, C-4 district setback lines, of the Columbus City Codes; for the property located at **731 W. RICH ST. (43222)**, to permit the development of a multi-unit residential development and fitness facility with reduced development standards in the C-4, Commercial District (Council Variance #CV19-059).

WHEREAS, by application #CV19-059, the owner of property at **731 W. RICH ST. (43222)**, is requesting a Council variance to permit the development of a multi-unit residential development and fitness facility with reduced development standards in the C-4, Commercial District; and

WHEREAS, Section 3356.03, C-4 Permitted uses, does not permit ground floor residential uses, while the applicant proposes residential uses on the first floor; and

WHEREAS, Section 3309.14, Height districts, requires that within a 35 foot height district, no building or structure shall be erected to a height in excess of 35 feet, while the applicant proposes an apartment building with an approximate height of 42 feet; and

WHEREAS, Section 3312.29, Parking space, requires a 90 degree parking space to be a minimum of 9 feet wide, while the applicant proposes parking spaces with a width of 8.5 feet; and

WHEREAS, Section 3312.49 Minimum numbers of parking spaces required, requires 1.5 parking spaces per dwelling unit and 1 spaces per 250 sq ft of fitness facility, or a maximum total of 67 parking spaces for 42 units and 800 sq ft of fitness area, while the applicant proposes a total of 42 parking spaces for this development; and

WHEREAS, Section 3356.11, C-4 district setback lines, requires buildings to have a setback of 20 feet from the S. Green St. and 25 feet from the W. Rich St. and SR 315 street right-of-ways, while the applicant proposes a 1± foot setback along each; and

WHEREAS, the Franklinton Area Commission recommends approval; and

WHEREAS, the City Departments recommend approval of the variances, recognizing that the proposed use and density which are consistent with the recommendations of the *West Franklinton Plan* and compatible with adjacent zoning and development patterns; and

WHEREAS, this ordinance requires separate submission for all applicable permits and Certificates of Occupancy for the proposed uses; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **731 W. RICH ST. (43222)** in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:

SECTION 1.
