Council Variance Application: CV19-042

APPLICANT: Todd Hinze; 4892 Galway Drive; Dublin, OH 43017.

PROPOSED USE: A carriage house on a lot developed with a two-unit dwelling.

VICTORIAN VILLAGE COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site is zoned in the ARLD, Apartment Residential District, and developed with a two-unit dwelling. The requested Council variance will permit the addition of a carriage house dwelling, while legitimizing the existing two-unit dwelling as building permit records indicate the current use as a single-unit dwelling on the site. The variance is necessary because the ARLD, Apartment Residential District prohibits one two-unit dwelling and one single-unit dwelling on the same lot. Variances for lot width, lot area, lot coverage, fronting, side yards, and rear yard are included in the request. Staff supports the proposal because the request will not add incompatible uses to the area as there are other carriage houses within this neighborhood. The request is consistent with the recent development pattern in historic urban neighborhoods, and building design will conform to the Victorian Village Commission requirements.

To grant a Variance from the provisions of Sections 3333.02, AR-12, ARLD and AR-1 apartment residential district use; 3333.09, Area requirements; 3333.11, ARLD area district requirements; 3333.15(C), Basis of computing area; 3333.16, Fronting; 3333.22, Maximum side yard required; 3333.23, Minimum side yard permitted; and 3333.24, Rear yard, of the

WHEREAS, by application #CV19-042, the owner of the property at **76 W. STARR AVE. (43201)**, is requesting a Variance to permit a single-unit dwelling (a carriage house) on the rear of a lot developed with a two-unit dwelling with reduced development standards in the ARLD, Apartment Residential District; and

WHEREAS, Section 3333.02, AR-12, ARLD and AR-1 apartment residential district use, requires a separate lot for each principal use, while the applicant proposes to build a single-unit dwelling above a detached garage (carriage house) on the rear of a lot developed with a two-unit dwelling; and

WHEREAS, Section 3333.09, Area requirements, requires that no building shall be erected or altered on a lot with a width of less than 50 feet, while the applicant proposes to maintain the existing lot width of 38 feet; and

WHEREAS, Section 3333.11, ARLD area district requirements, requires 2,500 square feet per dwelling unit on interior lots, while the applicant proposes a total of 3 dwelling units resulting in 1,583 square feet per dwelling unit on the lot; and

WHEREAS, Section 3333.15(C), Basis of computing area, limits buildings from occupying more than 50 percent of the lot area, while the applicant proposes to increase the lot coverage to 59.5 percent; and

WHEREAS, Section 3333.16, Fronting, requires each dwelling unit to have frontage on a public street, while the applicant proposes a carriage house fronting on a rear public alley; and

WHEREAS, Section 3333.22, Maximum side yard required, requires that the sum of the widths of each side yard shall equal or exceed 20 percent of the width of the lot, provided that no more than 16 feet need be so devoted, while the applicant proposes to maintain a reduced total side yard from 7.6 to 5 feet for the existing two-unit dwelling, and proposes a reduced total side yard of 7.3 feet for the new carriage house; and

WHEREAS, Section 3333.23, Minimum side yard permitted, requires a side yard of no less than 5 feet, while the applicant proposes to maintain 2 and 3 feet side yards along the eastern and western property lines, respectively, for the existing two-unit dwelling, and proposes a reduced side yard of 2.5 feet along the western property line for new carriage house; and

WHEREAS, Section 3333.24, Rear yard, requires that each dwelling, apartment house, or other principal building shall be erected so as to provide a rear yard totaling no less than 25 percent of the total lot area, while the applicant proposes a rear yard of 21.5 percent for the existing two-unit dwelling, and no rear yard for the new carriage house; and

WHEREAS, the Victorian Village Commission recommends approval; and

WHEREAS, City Departments recommend approval of the requested variances because the proposal will not add incompatible uses to the area as there are other carriage houses within this neighborhood. The request is consistent with the recent development pattern in historic urban neighborhoods, and building design will conform to the Victorian Village Commission requirements; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed uses; and
