**Council Variance Application: CV19-019**

**APPLICANT:** Arch City Group LLC; c/o Thaddeus M. Boggs, Atty.; 10 West Broad Street, Suite 2300; Columbus, OH 43215.

**PROPOSED USE:** Open storage.

**FAR SOUTH COLUMBUS AREA COMMISSION RECOMMENDATION:** Approval

**CITY DEPARTMENTS' RECOMMENDATION:** Approval. The applicant has received a recommendation of approval from Staff and the Development Commission for a concurrent rezoning (Ordinance #2225-2019; Z19-020) to the M, Manufacturing District to permit the expansion of an open storage lot. The requested Council variance is necessary to reduce the open storage setbacks from the adjacent residential district, public street, and interior lot lines. A site plan commitment is included showing the extent of the open storage area, existing landscaping, and areas where additional landscaping will be provided. Staff is supportive of this request as this is an expansion of an existing development that is consistent with the established zoning and development pattern of the area.

**WHEREAS**, the Far South Columbus Area Commission recommends approval; and

**WHEREAS**, City Departments recommend approval of the requested Council variance for the proposed reduced open storage setbacks as this is an expansion of an existing development that is compatible with the established zoning and development pattern of the area; and

**WHEREAS**, said ordinance requires separate submission for all applicable permits and a Certificate of Occupancy for the proposed use; and

**WHEREAS**, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

**WHEREAS**, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and
