Council Variance Application: CV19-077

APPLICANT: Davide V. Cugini; 815 Park Street; Columbus, OH 43215.

PROPOSED USE: Two single-unit dwellings on one lot.

UNIVERSITY AREA COMMISSION RECOMMENDATION: Approval.

CITY DEPARTMENTS' RECOMMENDATION: Approval. The site consists of one undeveloped parcel zoned in the R-4, Residential District. The applicant proposes to construct a single-unit dwelling with a rear single-unit dwelling above a detached garage (a carriage house). A Council variance is required because while the R-4, Residential District permits a maximum of four dwelling units in one building, it does not permit two dwellings on one lot. Variances for minimum number of parking spaces required, lot coverage, minimum floor area ratio (FAR), lot width, area district requirements, fronting and rear yard are also included in the request. The site is within the boundaries of the *University District Plan* (2015), which recommends "Lower Intensity Residential" land uses for this location. Staff finds the proposal to be consistent with the Plan's land use recommendation and the recent development pattern in urban neighborhoods.

To grant a Variance from the provisions of Sections 3332.039, R-4, Residential District; 3312.49, Minimum numbers of parking spaces required; 3325.801, Maximum Lot Coverage; 3325.805, Maximum Floor Area Ratio (FAR); 3332.05, Area district lot width requirements; 3332.15, R-4 area district requirements; 3332.19, Fronting; and 3332.27, Rear yard,

of the Columbus City Codes; for the property located at **1374 N. 5TH ST. (43201)**, to permit two single-unit dwellings on one lot, with reduced development standards in the R-4, Residential District (Council Variance # CV19-077).

WHEREAS, by application #CV19-077, the owner of the property at **1374 N. 5TH ST. (43201)**, is requesting a Variance to permit two single-unit dwellings on one lot, with reduced development standards in the R-4, Residential District; and

WHEREAS, Section 3332.039, R-4, Residential District, permits a maximum of four units in one building but does not permit two separate dwellings on one lot, while the applicant proposes a single-unit dwelling with a rear single-unit dwelling above a detached garage (carriage house); and

WHEREAS, Section 3312.49 Minimum numbers of parking spaces required, requires two parking spaces per dwelling unit, or four spaces for two single-unit dwellings, while the applicant proposes a total of two parking spaces; and

WHEREAS, Section 3325.801, Maximum Lot Coverage, requires that a building including any rear or side porch or roofed stairs shall cover no more than 25 percent of the lot area, while the applicant proposes to increase coverage to 46 percent of the lot area with two single-unit dwellings; and

WHEREAS, Section 3325.805, Maximum Floor Area Ratio (FAR), requires that the maximum total calculated floor area permitted on any lot shall be no greater than that determined by a 0.40 FAR, while the applicant proposes an increased FAR of 0.80; and

WHEREAS, Section 3332.05(A)(4), Area district lot width requirements, requires a lot to be no less than 50 feet wide, while the applicant proposes to maintain the existing 35.5 foot wide lot; and

WHEREAS, Section 3332.15, R-4 area district requirements, requires a lot of 5,000 square feet for a single-unit dwelling, while the applicant proposes two single-unit dwellings on a lot that is approximately 3,781 square feet, (pursuant to lot area calculation in 3332.18(C)), providing 1,891 square feet per dwelling unit; and

WHEREAS, Section 3332.19, Fronting, requires a dwelling unit to have frontage on a public street, while the applicant proposes a carriage house fronting on a rear public alley; and

WHEREAS, Section 3332.27, Rear yard, requires a rear yard totaling no less than 25 percent of the lot area for each dwelling, while the applicant proposes no rear yard for the carriage house; and

WHEREAS, the University Area Commission recommends approval; and

WHEREAS, the City Departments recommend approval of the requested variances because the proposal is consistent with the *University District Plan's* recommendation for lower intensity residential uses, and is compatible with the recent development pattern in historic urban neighborhoods; and

WHEREAS, said ordinance requires separate submission for all applicable permits and Certificate of Occupancy for the proposed use; and

WHEREAS, said variance will not adversely affect the surrounding property or surrounding neighborhood; and

WHEREAS, the granting of said variance will not impair an adequate supply of light and air to adjacent properties or unreasonably increase the congestion of public streets, or unreasonably diminish or impair established property values within the surrounding area, or otherwise impair the public health, safety, comfort, morals, or welfare of the inhabitants of the City of Columbus; and

WHEREAS, the granting of said variance will alleviate the difficulties encountered by the owners of the property located at **1374 N. 5TH ST. (43201)**, in using said property as desired; now, therefore:

BE IT ORDAINED BY THE COUNCIL OF THE CITY OF COLUMBUS:
