### 1. BACKGROUND

The Department of Public Service is responsible for snow and ice control on the City's roadway system. In removing snow and ice, the department uses a variety of deicing chemicals. The department has been notified by our vendor that one of the primary chemicals used for deicing will not be available for the 2019-2020 Winter season. The Department has determined it is in the best interest of the city to utilize the Ohio Department of Transportation (ODOT) deicing chemical contracts that are available to the city.

This ordinance authorizes the Director of Finance and Management, on behalf of the Department of Public Service, to establish purchase orders, enter into contracts, create purchase agreements, and associate all general budget reservations resulting from this ordinance with the appropriate purchase agreement necessary from existing and future ODOT chemical deicing contracts to obtain deicing chemicals for the 2019-2020 Winter season.

This ordinance seeks approval for the Finance and Management Director on behalf of the Department of Public Service to use ODOT's contract number 124-19. ODOT 124-19 included the following five (5) vendors: Chloride Solutions, LLC, EnviroTech Services, Inc., Great Lakes Chloride, Inc., K-Tech Specialty Coatings, Inc., and Nature's Own Source, LLC. The Division of Infrastructure Management has a need for the following deicing chemicals from the above five vendors, which are on the current ODOT deicing chemical contract:

Chloride Solutions LLC: GEOMELT 55 Liquid Organic Accelerator, GEOMELT S7 Anti-icing/Deicing Fluid  
EnviroTech Services Inc.: AMP, Meltdown Apex-C, SOS-C Inhibited  
Great Lakes Chloride Inc.: Calcium Chloride with BOOST  
K-Tech Specialty Coatings Inc.: BEET HEET Concentrate, BEET HEET Severe, XO-Melt2

Nature's Own Source LLC: AquaSalina+ Liquid Enhanced Brine Deicer, AQ+IceBite Liquid Enhanced Brine Deicer

The Director of Finance and Management is hereby authorized to associate all General Budget Reservations resulting from this ordinance with the appropriate ODOT contracts for the listed deicing chemicals for the Division of Infrastructure Management from established, pending and future ODOT de-icing contracts.

## **2. CONTRACT COMPLIANCE**

ODOT 124-19 (Pacific Northwest Snow Fighters (PNS) Approved Liquid De-Icer & Corrosion Inhibited Calcium Chloride) contract is effective from 11/1/18 through 10/31/19.

## **3. FISCAL IMPACT**

This is a budgeted expense within the Municipal Motor Vehicle Tax Fund (Fund 2266).

## **4. EMERGENCY DESIGNATION**

The department requests emergency action to ensure the timely availability of deicing chemicals for snow and ice control on the City's roadway systems.
