BACKGROUND

The purpose of this ordinance is to appropriate \$20,000.00 in the Public Safety Initiative subfund for the Department of Public Safety, on behalf of the Division of Police (CPD), to purchase additional cellular phones and associated equipment. The additional phones will serve to expedite the availability of language translation services for non-English speakers during interactions with CPD.

CPD has already issued cell phones to patrol sergeants for the purpose of contacting language line services and domestic violence victim advocates. CPD currently utilizes the language line services an average of 275 times per month. The funding for additional cell phones will serve to increase the access to these valuable services. This ordinance will provide twenty (20) additional phones with cellular service for use by patrol sergeants.

EMERGENCY DESIGNATION: Emergency action is requested to ensure that Columbus Police has the necessary access to cellular devices to protect the health, safety, and welfare of the residents of Columbus.

FISCAL IMPACT: Total appropriation is \$20,000.00 and is available in the 2019 budget within the Public Safety Initiative subfund, Fund 1000-100016.
